Exposure to equity derivatives of the index itself or its constituent stocks may be undertaken when equity shares are unavailable, insufficient or for rebalancing in case of corporate actions for a temporary period which shall not exceed 7 days. The exposure to derivatives will be rebalanced to align with the underlying index changes in weights or constituents. Index futures/options are meant to be an efficient way of buying/selling an index compared to buying/selling a portfolio of physical shares representing an index for ease of execution and settlement. It can help in reducing the Tracking Error in the Scheme. Index futures/options may avoid the need for trading in individual components of the index, which may not be possible at times, keeping in mind the circuit filter system and the liquidity in some of the individual stocks. Index futures/options can also be helpful in reducing the transaction costs and the processing costs on account of ease of execution of one trade compared to several trades of shares comprising the underlying index and will be easy to settle compared to physical portfolio of shares representing the underlying index. In case of investments in index futures/options, the risk/reward would be the same as investments in portfolio of shares representing an index. However, there may be a cost attached to buying an index future/option. The Scheme will not maintain any leveraged or trading positions. Exposure to derivatives for non-hedging purpose will be restricted to 20% of net assets of the scheme.

Cash or cash equivalents with residual maturity of less than 91 days may be treated as not creating any exposure. SEBI vide letter dated November 3, 2021 has clarified that Cash Equivalent shall consist of Government Securities, T-Bills and Repo on Government Securities having residual maturity of less than 91 days. In accordance with Clause 3.4 of SEBI Master Circular SEBI/HO/IMD/IMD-PoD-1/P/CIR/2024/90 dated June 27, 2024 the underlying index shall comply with the portfolio concentration norms as prescribed.

Debt securities include, but are not limited to, Debt securities of the Government of India, State and Local Governments, Government Agencies, Statutory Bodies, Public Sector Undertakings, Public Sector Banks or Private Sector Banks or any other Banks, Financial Institutions, Development Financial Institutions, and Corporate Entities, collateralized debt securities or any other instruments as may be prevailing and permissible under the Regulations from time to time).

Further, the Scheme may, for meeting liquidity requirements invest in units of money market/liquid schemes of Groww Mutual Fund and/or any other mutual fund provided that aggregate inter-scheme investment made by all schemes under the same management or in schemes under the management of any other asset management company shall not exceed 5% of the net asset value of the mutual fund in accordance with Clause 4 of Seventh Schedule of SEBI (Mutual Funds) Regulations, 1996. Rebalancing due to passive breach

In accordance with Clause 3.6.7 of SEBI Master Circular SEBI/HO/IMD/IMD-PoD-1/P/CIR/2024/90 dated June 27, 2024 in case of change in constituents of the index due to periodic review, the portfolio of the Scheme shall be rebalanced within 7 calendar days. Any transactions undertaken in the scheme portfolio in order to meet the redemption and subscription obligations shall be done while ensuring that post such transactions replication of the portfolio with the index is maintained at all points of time. In the event of involuntary corporate action, the Scheme shall dispose the security not forming part of the underlying index within 7 calendar Days from the date of allotment/ listing.

Rebalancing of deviation due to short term defensive consideration

In the event of the asset allocation falling outside the limits specified in the asset allocation table, the Fund Manager will rebalance the same within 7 calendar days. However, at all times the portfolio will adhere to the overall investment objectives of the Scheme. Any alteration in the investment pattern will be for short-term defensive consideration as per Clause 1.14.1.2 of SEBI Master Circular SEBI/HO/IMD/IMD-PoD-1/P/CIR/2024/90 dated June 27, 2024 the intention being at all times to protect the interests of the Unit Holders.

Tracking error

The Scheme, in general, will hold all the securities that constitute the underlying Index in the same proportion as the index. Expectation is that, over a period of time, the tracking error of the Scheme relative to the performance of the Underlying Index will be relatively low. The AMC would monitor the tracking error of the Scheme on an ongoing basis and would seek to minimize tracking error to the maximum extent possible. Under normal market

	<p>circumstances such tracking error is not expected to exceed 2% p.a. for daily 12 month rolling return. However, in case of events like, dividend received from underlying securities, and market volatility during rebalancing of the portfolio following the rebalancing of the Underlying Index, etc. or in abnormal market circumstances, the tracking error may exceed the above limits and the same shall be brought to the notice of Trustees with corrective actions taken by the AMC, if any. Since the Scheme is an exchange traded fund, it will endeavour that at no point of time the Scheme will deviate from the index.</p>
Investment Strategy	<p>The Groww Nifty India Internet ETF will be managed passively with investments in stocks in the same proportion as in the Nifty India Internet Index. The investment strategy of the Scheme will be to invest in a basket of securities forming part of Nifty India Internet Index in similar weight proportion. The investment strategy would revolve around reducing the tracking error to the least possible through regular rebalancing of the portfolio, considering the change in weights of stocks in the Index as well as the incremental collections/redemptions in the Scheme. A part of the funds may be invested in debt and money market instruments, to meet the liquidity requirements. Subject to the regulations and the applicable guidelines the Scheme may invest in the schemes of Mutual Funds. The investment strategy shall be in line with the asset allocation.</p> <p>Though every endeavour will be made to achieve the objective of the Scheme, the AMC/Sponsors/Trustee does not guarantee that the investment objective of the Scheme will be achieved. No guaranteed returns are being offered under the Scheme.</p> <p>Derivative products are leveraged instruments and can provide disproportionate gains as well as disproportionate losses to the investor. Execution of such strategies depends upon the ability of the fund manager to identify such opportunities. Identification and execution of the strategies to be pursued by the fund manager involve uncertainty and decision of fund manager may not always be profitable. No assurance can be given that the fund manager will be able to identify or execute such strategies. The risks associated with the use of derivatives are different from or possibly greater than, the risks associated with investing directly in securities and other traditional investments.</p> <p>For detailed derivative strategies, please refer to SAI.</p> <p>Portfolio Turnover Policy</p> <p>Portfolio Turnover measures the volume of trading that occurs in a Scheme's portfolio during a given time period. The Scheme is an open-ended Exchange Traded Fund and it is expected that there may be a number of subscriptions and repurchases on a daily basis through Stock Exchange(s) or Market Maker and Large Investors. Generally, turnover will depend upon the extent of purchase and redemption of units and the need to rebalance the portfolio on account of change in the composition, if any, and corporate actions of securities included in Nifty India Internet Index. However, it will be the endeavour of the Fund Manager to maintain an optimal portfolio turnover rate commensurate with the investment objective of the Scheme and the purchase/ redemption transactions on an ongoing basis in the Scheme.</p>

6. PREVENTION OF MONEY LAUNDERING AND KNOW YOUR CLIENT (KYC)

In order to reduce hardship and help investors dealing with SEBI intermediaries, SEBI Master circular for Mutual Fund dated June 27, 2024 informing SEBI registered intermediaries as mentioned therein to follow, with effect from January 01, 2012, a uniform KYC compliance procedure for all the investors dealing with them on or after that date. SEBI also issued KYC Registration Agency ("KRA") Regulations 2011 and the guidelines in pursuance of the said Regulations and for In-Person Verification ("IPV").

All investors (individual and non- individual) are required for KYC compliance. However, applications should note that minors cannot apply for KYC compliance and any investment in the Name of minors should be through a Guardian, who should be KYC compliant for the purpose of investing with a Mutual Fund. Also applicants/ unit holders intending, to apply for units currently holding units and operating their Mutual Fund folios through a Power of Attorney (PoA) must ensure that the issue of PoA and the holder of the PoA must mention their KYC compliance status at the time of investment. PoA holders are not permitted to apply for KYC compliance on behalf of the issuer of the PoA, Separate procedures are

prescribed for change in name, address, and other KYC related details, should the applicant desire to change such information, POS will extend the services of effecting such changes.

In line with the SEBI Master circular for Mutual Fund dated June 27, 2024 and various other guidelines issued by SEBI on the procedural matters for KYC Compliances, the Investors are requested to note the following additional provisions shall be applicable for "KYC Compliances" with effect from December 1, 2012:

- 1) In case of an existing investor of GMF and who is already KYC Compliant under the erstwhile centralized KYC with CVL (CVLMF) then there will be no effect on subsequent Purchase/
 - 2) In case of an existing investor of Groww Mutual Fund and who is not KYC Compliant as per our records, the investor will have to submit the standard KYC Application forms available in the website www.cvlkra.com along with supporting documents at any of the SEBI registered intermediaries at the time of purchase / additional purchase. In Person Verification (IPV) will be mandatory at the time of KYC Submission. This uniform KYC submission would be a onetime submission of documentation.
 - 3) Investors who have complied with KYC process before December 31, 2011 (KYC status with CVL KRA as "MF - VERIFIED BY CVLMF") and not invested in the schemes of Groww Mutual Fund i.e not opened a folio earlier, and wishes to invest on or after December 01, 2012, such investors will be required to submit 'missing/not available' KYC information and complete the IPV requirements.
- Update of 'missing / not available' KYC information along with IPV is currently a one-time requirement and needs to be completed with any one of the mutual funds i.e. need not be done with all the mutual funds where investors have existing investments. Once the same is done then the KYC status at CVL KRA will change to 'Verified by CVL KRA' after due verification. In such a scenario, where the KYC status changes to 'Verified by CVL KRA', investors need not submit the 'missing/not available' KYC information to mutual funds again.

Individual Investors are required to submit 'KYC Details Change Form' issued by CVL-KRA available on their website www.cvlkra.com.

In case of Non Individual investors, complied with KYC process before December 31, 2011, KYC needs to be done afresh due to significant and major changes in KYC requirements.

Investors needs to provide the complete details in the KYC application form along with the required documents (for individual investors or non-individual investors as appropriate). The said form is available on GMF's website i.e. www.growwmf.in or on the website of Association of Mutual Funds In India i.e. www.amfiindia.com or on the website of any authorised KRA's.
