Part I. HIGHLIGHTS/SUMMARY OF THE SCHEME

Sr. No.	Title	Description
I.	Name of the scheme	Groww Multicap Fund
II.	Category of the Scheme	Multi Cap Fund
III.	Scheme type	An open-ended equity scheme investing across large-cap, mid-cap, and small-cap stocks.
IV.	Scheme code	GROW/O/E /MCF/24/09/0022
V.	Investment objective	To achieve long-term capital appreciation by predominantly investing in equity and equity-related instruments of large, mid and small-cap companies. However, there can be no assurance that the investment objective of the scheme will be realised.
VI.	<p>Liquidity details:</p> <p>Listing details</p>	<p>The Scheme will offer units for purchases/switch-ins and redemptions/switch-outs at NAV based prices on all business days on an ongoing basis. Repurchase of Units will be at the NAV prevailing on the date the units are tendered for repurchase.</p> <p>As per SEBI Regulations, the Mutual Fund shall dispatch redemption proceeds within 3 working Days of receiving a valid redemption request. A penal interest of 15% per annum or such other rate as may be prescribed by SEBI from time to time, will be paid in case the redemption proceeds are not made within 3 working Days from the date of receipt of a valid redemption request.</p> <p>The Scheme being open ended, the units are not proposed to be listed on any stock exchange and no transfer facility on the exchange is provided. However, the Trustee reserves the right to list the units as and when open-end Schemes are permitted to be listed under the Regulations, and if the Trustee considers it necessary in the interest of unit holders of the Scheme.</p>
VII.	Benchmark (Total Return Index)	<p>• As per AMFI benchmark Nifty 500 Multicap 50:25:25 Index - Total Return Index</p> <p>The Trustees have adopted Nifty 500 Multicap 50:25:25 Index as the benchmark index.</p> <p>As per its investment objective, the investment would primarily be in Securities which are constituents of the benchmark index. Thus, the composition of the aforesaid benchmark index is such that it is most suited for comparing performance of the Scheme. The Trustees reserves right to change benchmark in future for measuring performance of the Scheme subject to SEBI Mutual Fund Regulations, 1996 and circulars issued by SEBI from time to time.</p> <p>The AMC / Trustee reserves the right to change / modify the benchmark by issuing an addendum.</p>
VIII.	NAV disclosure	The AMC shall update the NAVs on the website of the Mutual Fund https://www.growwmf.in/ and on the website of Association of Mutual Funds in India - AMFI (www.amfiindia.com) by 10.00 am of the following Business Day. Further details are mentioned in Section II.

IX.	Applicable timelines	<p><u>Timeline for Dispatch of redemption proceeds:</u> The redemption or repurchase proceeds shall be dispatched to the unitholders within 03 working days from the date of redemption or repurchase. In case of exceptional situations, additional time for redemption payment may be taken. This shall be in line with AMFI letter dated January 16, 2023.</p> <p><u>Dispatch of IDCW:</u> The IDCW warrants shall be dispatched to the unitholders within 07 working days of the date of declaration of the IDCW. In case of Unit holders having a bank account with certain banks with which the Mutual Fund would have an arrangement from time to time, the IDCW proceeds shall be electronically credited to their account. In case of specific request for IDCW by warrants/cheques/demand drafts or unavailability of sufficient details with the Fund, the IDCW will be paid by warrant/cheques/demand drafts and payments will be made in favour of the unitholder (registered holder of the Unit or, if there are more than one registered holder, only to the first registered holder) with bank account number furnished to the Fund. Please note that it is mandatory for the unitholders to provide the bank account details as per SEBI guidelines.</p>

The scheme may invest in foreign securities upto 20% of the Equity net assets of the scheme. This Scheme seeks to invest an amount of US \$ 5 million each in overseas securities and overseas ETFs, subject to guidelines laid down by SEBI in Clause 12.19 of the SEBI Master Circular dated June 27, 2024 for Mutual Funds. Further, the said limits shall be valid for a period of six months from the date of closure of NFO. Post completion of the six months, the relevant provisions of the aforesaid SEBI Master Circulars dated June 27, 2024 shall be applicable.

The Debt Securities (including money market instruments) referred to above could be fixed rate or floating rate, listed, unlisted, privately placed, unrated among others, as permitted by regulation. Pending deployment of funds of a Scheme in securities in terms of investment objectives of the Scheme a mutual fund can invest the funds of the Scheme in short term deposits of scheduled commercial banks in terms of Clause 12.16 of SEBI Master Circular SEBI/HO/IMD/IMD-PoD-1/P/CIR/2024/90 dated June 27, 2024.

Further, the Scheme may, for meeting liquidity requirements invest in units of money market/liquid schemes of Groww Mutual Fund and/or any other mutual fund provided that aggregate inter-scheme investment made by all schemes under the same management or in schemes under the management of any other asset management company shall not exceed 5% of the net asset value of the mutual fund in accordance with Clause 4 of Seventh Schedule of SEBI (Mutual Funds) Regulations, 1996. The AMC shall not charge any investment management fees with respect to such investment.

Investments in Scheme by AMC, Sponsor & Associates

Subject to the Regulations, the AMC and investment companies managed by the Sponsor(s), their associate companies and subsidiaries may invest either directly or indirectly, in the Scheme during the NFO and/or on ongoing basis. However, the AMC shall not charge any investment management fee on such investment in the Scheme, in accordance with sub-regulation 3 of Regulation 24 of the Regulations and shall charge fees on such amounts in future only if the SEBI Regulations so permit. The associates, the Sponsor, subsidiaries of the Sponsor and/or the AMC may acquire a substantial portion of the Scheme's units and collectively constitute a major investment in the Schemes. The AMC reserves the right to invest its own funds in the Scheme as may be decided by the AMC from time to time and required by applicable regulations and also in accordance with Clause 6.11 of SEBI Master Circular S SEBI/HO/IMD/IMD-PoD-1/P/CIR/2024/90 dated June 27, 2024 regarding minimum number of investors in the Scheme. In terms of SEBI notification dated August 5, 2021 and as per Regulation 25, sub-regulation 16A of SEBI (Mutual Funds) Regulations, the asset management company shall invest such amounts in such schemes of the mutual fund, based on the risks associated with the schemes, as may be specified by the Board from time to time. In case of NFO, AMC's investment shall be made during the allotment of units and shall be calculated as a percentage of the final allotment value excluding AMC's investment pursuant to this circular.

Rebalancing due to passive breach

Further, as per para 2.9 of SEBI Master Circular dated June 27, 2024, as may be amended from time to time, in the event of deviation from mandated asset allocation due to passive breaches (occurrence of instances not arising out of omission and commission of the AMC), the fund manager shall rebalance the portfolio of the Scheme within 30

Business Days. In case the portfolio of the Scheme is not rebalanced within the period of 30 Business Days, justification in writing, including details of efforts taken to rebalance the portfolio shall be placed before the Investment Committee of the AMC. The Investment Committee, if it so desires, can extend the timeline for rebalancing up to sixty (60) Business Days from the date of completion of mandated rebalancing period. Further, in case the portfolio is not rebalanced within the aforementioned mandated plus extended timelines the AMC shall comply with the prescribed restrictions, the reporting and disclosure requirements as specified in para 2.9. of SEBI Master Circular dated June 27, 2024.

Rebalancing of deviation due to short term defensive consideration

Any alteration in the investment pattern will be for a short term on defensive considerations as per SEBI Circular no. SEBI/HO/IMD/DF2/CIR/P/2021/024 dated March 04, 2021; the intention being at all times to protect the interests of the Unit Holders and the Scheme shall endeavor to rebalance the portfolio within 30 business days. The securities may be acquired from primary market/ Initial Public Offer (IPO), secondary market operations, private placement or negotiated deals.

C. WHAT ARE THE INVESTMENT STRATEGIES?

The investment objective of the Scheme is to generate long term capital appreciation by actively investing in equity and equity related securities of large cap, mid cap and small cap companies. There will be no style or market cap bias in the investment strategy. We aim to adapt and invest according to market conditions

The investment horizon of the investments will be 5+ years

A combination of top-down and bottom-up approaches to stock selection. Stocks in large caps will be selected using more of a top-down approach and stocks within mid and small caps will be selected using more of a bottom-up approach. We will be extremely flexible and adaptive while investing the leftover 25% after investing a minimum of 25% each in large, mid and small caps.

The list of stocks would be as per the list published by AMFI in accordance with the said circular and updated on half yearly basis.

(Detailed definition and applicable regulations/guidelines for each instrument is included in Section II)

Though every endeavour will be made to achieve the objective of the Scheme, the AMC/Sponsors/Trustee does not guarantee that the investment objective of the Scheme will be achieved. No guaranteed returns are being offered under the Scheme.

Derivative products are leveraged instruments and can provide disproportionate gains as well as disproportionate losses to the investor. Execution of such strategies depends upon the ability of the fund manager to identify such opportunities. Identification and execution of the strategies to be pursued by the fund manager involve uncertainty and decision of fund manager may not always be profitable. No assurance can be given that the fund manager will be able to identify or execute such strategies. The risks associated with the use of derivatives are different from or possibly greater than, the risks associated with investing directly in securities and other traditional investments.

For detailed derivative strategies, please refer to SAI.

Portfolio Turnover Policy

Portfolio turnover is defined as lesser of purchases and sales as a percentage of the average corpus of the Scheme during a specified period of time. Portfolio turnover in the scheme will be a function of market opportunities. The scheme is open-end scheme. It is expected that there would be a number of subscriptions and repurchases on a daily basis. Consequently, it is difficult to estimate with any reasonable measure of accuracy, the likely turnover in the portfolio. The AMC will endeavour to optimise portfolio turnover to optimise risk adjusted return keeping in mind the cost associated with it. A high portfolio turnover rate is not necessarily a drag on portfolio performance and may be representative of arbitrage opportunities that exist for securities held in the portfolio rather than an indication of change in AMC's view on a security etc. However, the AMC will take advantage of the opportunities that present themselves from time to time because of the inefficiencies in the securities markets.

D. HOW WILL THE SCHEME BENCHMARK ITS PERFORMANCE?

Benchmark (Total Returns Index): Tier 1: Nifty 500 Multi Cap 50:25:25 Total Returns Index

The index is constructed to measure the performance of large cap, midcap and small cap segments with target weights assigned to each segment in the ratio of 50:25:25. This structure makes it appropriate to be used as a benchmark for the Multi Cap scheme which will invest across large cap, midcap and small cap segments.

As per clause 1.9 of Master Circular requires mutual funds to adopt first tier benchmarks for schemes as notified by AMFI. Accordingly, the benchmark is selected from the benchmarks notified by AMFI for the category of scheme. The performance will be benchmarked to the Total Returns Variant of the Index.

The AMC/ Trustee reserves the right to change the benchmark for evaluation of performance of the Scheme from time to time in conformity with the investment objectives and appropriateness of the benchmark subject to SEBI (MF) Regulations, and other prevailing guidelines, if any.

Part III- OTHER DETAILS

A. COMPUTATION OF NAV

The NAV of the Units of the Scheme will be computed by dividing the net assets of the Scheme by the number of Units outstanding on the valuation date. The Fund shall value its investments according to the valuation norms, as specified in Schedule VIII of the Regulations, or such norms as may be prescribed by SEBI from time to time.

All expenses and incomes accrued up to the valuation date shall be considered for computation of NAV. For this purpose, major expenses like management fees and other periodic expenses would be accrued on a day to day basis. The minor expenses and income will be accrued on a periodic basis, provided the nondaily accrual does not affect the NAV calculations by more than 1%.

Any changes in securities and in the number of units be recorded in the books not later than the first valuation date following the date of transaction. If this is not possible given the frequency of the Net Asset Value disclosure, the recording may be delayed upto a period of seven days following the date of the transaction, provided that as a result of the non-recording, the Net Asset Value calculations shall not be affected by more than 1%.

In case the Net Asset Value of a scheme differs by more than 1%, due to non - recording of the transactions, the investors or scheme/s as the case may be, shall be paid the difference in amount as follows:-

- (i) If the investors are allotted units at a price higher than Net Asset Value or are given a price lower than Net Asset Value at the time of sale of their units, they shall be paid the difference in amount by the scheme.
- (ii) If the investors are charged lower Net Asset Value at the time of purchase of their units or are given higher Net Asset Value at the time of sale of their units, asset management company shall pay the difference in amount to the scheme. The asset management company may recover the difference from the investors.

NAV of units under the Scheme shall be calculated as shown below:

NAV (Rs.) =

Market or Fair Value of Scheme's investments	+	Current Assets including Accrued Income	-	Current Liabilities and Provisions including accrued expenses
--	---	---	---	---

No. of Units outstanding under Scheme

The NAV of the Scheme will be calculated upto four decimal places and will be declared on each business day. The valuation of the Scheme's assets and calculation of the Scheme's NAV shall be subject to audit on an annual basis and shall be subject to such regulations as may be prescribed by SEBI from time to time.

Illustration:

Assume that the Market or Fair Value of Scheme's investments is Rs. 1,00,00,000; Current asset of the scheme is Rs. 25,00,000; Current Liabilities and Provisions is Rs. 15,00,000 and the No. of Units outstanding under the scheme are 5,00,000. Thus, the NAV will be calculated as:

$$\text{NAV} = \frac{10000000 + 2500000 - 1500000}{500000} = 22.0000$$

Therefore, the NAV of the scheme is Rs. 22.0000

While determining the price of the units, the mutual fund shall ensure that the repurchase price of an open ended scheme is not lower than 95 per cent of the Net Asset Value.

Valuation of the scheme's assets, calculation of the scheme's NAV and the accounting policies & standards will be subject to such norms and guidelines that SEBI may prescribe from time to time. For the detailed

Valuation Policy and the accounting policy of the AMC, please refer the Statement of Additional Information.

For other details such as policies w.r.t computation of NAV, rounding off, investment in foreign securities, procedure in case of delay in disclosure of NAV etc. refer to SAI

B. NEW FUND OFFER (NFO) EXPENSES

These expenses are incurred for the purpose of various activities related to the NFO like sales and distribution fees paid marketing and advertising, registrar expenses, printing and stationary, bank charges etc. The New Fund Offer expenses of the scheme will be borne by the AMC.

C. ANNUAL SCHEME RECURRING EXPENSES

As per SEBI (MF) Regulations, 1996, recurring expenses will not exceed 2.25% of the Scheme's daily net assets:

The total fees and expenses for operating the scheme as listed hereunder would be 2.25% of the daily net assets which includes expenses towards management fees, commission, marketing expense and other expense relating to operating the scheme.

Estimated Recurring Expenses:

*SEBI vide its letter no. SEBI/HO/IMD-SEC-3/P/OW/2023/5823/1 dated February 24, 2023, and AMFI letter dated No. 35P/ MEM-COR/ 85-a/ 2022-23 dated March 02, 2023 has directed AMC to keep B-30 incentive structure in abeyance till further notice.

^ In terms of paragraph 10.1.16 of SEBI Master Circular for Mutual Funds dated June 27, 2024, the AMC / Mutual Fund shall annually set apart at least 1 basis points (i.e., 0.01%) on daily net assets of the scheme within the maximum limit of Total Expense Ratio as per Regulation 52 of the SEBI (MF) Regulations for investor education and awareness initiatives.

**Additional Expenses upto 0.05% of daily net assets as permissible under Regulation 52 (6A) (c) may be charged by AMC under different heads of expenses mentioned under Regulation 52 (2) and (4) and more specifically stated in table above.

@ Brokerage and transaction costs incurred for the execution of trades and included in the cost of investment, not exceeding 0.12 per cent of the value of trades of cash market transactions and 0.05 per cent of the value of trades of derivative market transactions. Thus, in terms of paragraph 10.1.14 of SEBI Master Circular for Mutual Funds dated June 27, 2024, it is hereby clarified that the brokerage and transaction costs incurred for the execution of trades may be capitalized to the extent of 0.12 per cent of the value of trades of cash market transactions and 0.05 per cent of the value of trades of derivative market transactions. Any payment towards brokerage and transaction costs (including Goods & Services Tax, if any) incurred for the execution of trades, over and above the said 0.12 per cent for cash market transactions and 0.05 per cent of the value of trades of derivative market transactions may be charged to the scheme within the maximum limit of Total Expense Ratio (TER) as prescribed under Regulation 52 of the SEBI (MF) Regulations.

Direct Plan shall have a lower expense ratio excluding distribution expenses, commission, etc and no commission for distribution of Units will be paid / charged under Direct Plan. All fees and expenses charged in a direct plan (in percentage terms) under various heads including the investment and advisory fee shall not exceed the fees and expenses charged under such heads in a regular plan.

The purpose of the above table is to assist the investor in understanding various costs and expenses that an investor in the Scheme will bear directly or indirectly. These estimates have been made in good faith as per the information available with AMC based on past experience and are subject to change inter-se.

The total recurring expenses that can be charged to the Scheme will be subject to limits prescribed from time to time under the SEBI (MF) Regulations.

Annual recurring expenses of the Scheme, (including the investment and advisory fees without any sub limit) as a % of daily net assets will be subject to following limit:

The AMC shall adhere provisions of SEBI Circular dated October 22, 2018 and various guidelines specified by SEBI as amended from time to time, with reference to charging of fees and expenses.

Annual recurring expenses of the Scheme, (including the investment and advisory fees without any sublimit) as a % of daily net assets will be subject to following limit:

First Rs. 500 Crores	Next Rs. 250 Crores	Next Rs. 1,250 Crores	Next Rs. 3,000 Crores	Next Rs. 5,000 Crores	Next Rs. 40,000 Crores	Balance
2.25%	2.00%	1.75%	1.60%	1.50%	TER reduction of 0.05% for every increase of Rs. 5,000 crores or part thereof	1.05%

In addition to TER within the limits specified under regulation 52 (6) of the Regulations, towards investment & advisory fees as specified under regulation 52(2) of the Regulations and/or towards recurring expenses as specified under 52(4) of the Regulations. **However, such additional expenses will not be charged if exit load is not levied / not applicable to the Scheme.**

Additional Distribution Expenses in case of new inflows from specified cities In addition to total expenses ratio (TER) as specified above, the AMC will charge expenses not exceeding 0.30% of daily net assets if the new inflows in the Scheme from such cities, as specified by SEBI from time to time, are at least:

- (i) 30% of gross new inflows in the Scheme, or;
- (ii) 15% of the average assets under management (year to date) of the Scheme, whichever is higher.

In case, inflows from such cities is less than the higher of (i) or (ii) of above, such expenses on daily net assets of the Scheme will be charged on proportionate basis in accordance with para 10.1.3 of SEBI Master Circular dated June 27, 2024.

The additional expenses on account of inflows from such cities charged will be credited back to the Scheme in case the said inflows are redeemed within a period of one year from the date of investment. The additional expenses charged in case of inflows from such cities will be utilized for distribution expenses incurred for bringing inflows from such cities.

The additional TER in terms of Regulation 52(6A)(b) of SEBI (Mutual Funds) Regulations, 1996 shall be charged upto 30 basis points on daily net assets of the Scheme based on inflows only from retail investors beyond Top 30 cities (B 30 cities). Inflows of amount upto Rs. 2,00,000 per transaction by individual investors shall be considered as inflows from retail investors Top 30 cities shall mean top 30 cities based on Association of Mutual Funds in India (AMFI) data on 'AUM by Geography – Consolidated Data for Mutual Fund Industry' as at the end of the previous financial year.

- a. All scheme related expenses including commission paid to distributors, shall be paid from the Scheme only within the regulatory limits and not from the books of the AMC, its associates, sponsor, trustee or any other entity through any route.

Provided that, such expenses that are not specifically covered in terms of Regulation 52 (4) can be paid out of AMC books at actual or not exceeding 2 bps of the Scheme AUM, whichever is lower.

- b. The Fund / the AMC shall adopt full trail model of commission in the Scheme, without payment of any upfront commission or upfront of any trail commission, directly or indirectly, in cash or kind, through sponsorships, or any other route.
- c. All fees and expenses charged in a Direct Plan (in percentage terms) under various heads including the investment and advisory fee shall not exceed the fees and expenses charged under such heads in Regular Plan.
- d. No pass back, either directly or indirectly, shall be given by the Fund / the AMC / Distributors to the investors.

Illustration in returns between Regular and Direct Plan

Particulars	Regular Plan	Direct Plan
Amount invested at the beginning of the year (Rs.)	10,000	10,000
Returns before Expenses (Rs.)	1,500	1,500
Expenses other than Distribution Expenses (Rs.)	150	150
Distribution Expenses (Rs.)	50	-

TER for the Segregated Portfolio

- The AMC will not charge investment and advisory fees on Segregated Portfolio. However, TER (excluding the investment and advisory fees) may be charged, on a pro-rata basis only upon recovery of the investments in Segregated Portfolio.
- The TER levied shall not exceed the simple average of such expenses (excluding the investment and advisory fees) charged on daily basis on the Main Portfolio (in % terms) of the scheme(s) during the period for which Segregated Portfolio was in existence.
- The legal charges related to recovery of the investments of the Segregated Portfolio may be charged to the Segregated Portfolio in proportion to the amount of recovery. However, the same shall be within the maximum TER limit as applicable to the Main Portfolio. The legal charges in excess of the TER limits, if any, shall be borne by the AMC.

The costs related to Segregated Portfolio shall in no case be charged to the Main Portfolio

Disclosure on Goods & Services Tax:

Goods & Services Tax on investment management and advisory fees shall be in addition to the above expense. Further, with respect to Goods & Services Tax on other than management and advisory fees:

- Goods & Services Tax on other than investment and advisory fees, if any, shall be borne by the scheme within the maximum limit of TER as per regulation 52 of the Regulations.
- Goods & Services Tax on exit load, if any, shall be paid out of the exit load proceeds and exit load net of Goods & Services Tax, if any, shall be credited to the scheme.

- Goods & Services Tax on brokerage and transaction cost paid for asset purchases, if any, shall be within the limit prescribed under regulation 52 of the Regulations.

For the actual current expenses being charged to the Scheme, the investor should refer to the website of the mutual fund www.growwmf.in (Home>Total Expense Ratio of Mutual Fund Schemes). Any change proposed to the current expense ratio will be updated on the website at least three working days prior to the change.

As per the Regulations, the total recurring expenses that can be charged to the Scheme in this Scheme information document shall be subject to the applicable guidelines. The total recurring expenses of the Scheme, will, however, be limited to the ceilings as prescribed under Regulation 52(6) of the Regulations.

D. LOAD STRUCTURE

Exit Load is an amount which is paid by the investor to redeem the units from the scheme. Load amounts are variable and are subject to change from time to time. For the current applicable structure, please refer to the website of the AMC (www.growwmf.in) or may call at 8050180222) or your distributor or write to us at support@growwmf.in.

Type of Load	Load chargeable (as %age of NAV)
Exit Load	a) 1% if redeemed/ switched out within 1 year from the date of allotment. b) NIL, if redeemed/ switched out after 1 year from the date of allotment

All switches will be treated as redemption in the source scheme and subscription in the destination scheme, with the entry and exit load as may be applicable.

In accordance with the requirements specified by the paragraph 10.4.1(a) of SEBI Master circular for Mutual Funds dated June 27, 2024, no entry load will be charged for purchase/additional purchase/switches accepted by the Mutual Fund. Similarly, no entry load will be charged with respect to applications for registrations under the Systematic Investment Plan (SIP)/Systematic Transfer Plan (STP) accepted by the Mutual Fund.

The upfront commission on investment made by the investor, if any, shall be paid to the ARN Holder (AMFI registered distributor) directly by the investor, based on the investor's assessment of various factors including service rendered by the ARN Holder.

Exit load (if any) charged to the unit holders by the Mutual Fund on redemption (including switch-out) of units shall be credited to the respective scheme net of Goods & Services Tax. Goods & Services Tax on exit load, if any, shall be paid out of the exit load proceeds.

Switches of following kind within the Scheme will also not attract any exit load - (i) switch from Direct Plan to Regular Plan; (ii) switch from Regular Plan to Direct Plan where the investment in Regular Plan is without a Distributor (ARN) code; (iii) within different Options (Income Distribution cum Capital Withdrawal /growth) of the same Plan (Direct/Regular) of the Scheme.

Load on bonus/ re-investment of Income Distribution cum Capital Withdrawal units: In terms of paragraph 10.6 of SEBI Master circular for Mutual Funds dated June 27, 2024, no entry and exit load shall be charged on bonus units or units allotted on reinvestment of Income Distribution cum Capital Withdrawal.

The Trustee / AMC reserves the right to introduce a Load and change the Load structure any time in

future if they so deem fit on a prospective basis. The investor is requested to check the prevailing load structure of the scheme before investing.

In case of changes/modifications of load, the AMC will endeavor to do the following:

1. An addendum will be attached to the Scheme Information Documents and Key Information Memorandum. The same may be circulated to brokers/distributors so that the same can be attached to all SIDs and abridged SID in stock. Further the addendum will be sent along with a newsletter to unitholders immediately after the changes.
2. Arrangement will be made to display the changes/modifications in the SID in the form of a notice in all the official point of acceptance of transactions and distributor's/broker's office.
3. The introduction of the exit load along with the details may be stamped in the acknowledgement slip issued to the investors on submission of the application form and may also be disclosed in the statement of accounts issued after the introduction of such load.
4. A public notice shall be given in respect of such changes in one English Daily newspaper having nationwide circulation as well as in a newspaper published in the language of region where the Head office of the Mutual Fund is situated.

TRANSACTION CHARGES

In accordance with paragraph 10.5 of SEBI master circular for Mutual Funds dated June 27, 2024, Transaction Charge per subscription of Rs.10,000/ – and above shall be charged from the investors and shall be payable to the distributors/ brokers (who have opted in for charging the transaction charge for this scheme) in respect of applications routed through distributor/ broker relating to Purchases / subscription / new inflows only (lump sum and SIP), subject to the following:

- For Existing / New investors: Rs.100 / Rs.150 as applicable per subscription of Rs. 10,000/ – and above
- Transaction charge for SIP shall be applicable only if the total commitment through SIP amounts to Rs.10,000/ – and above. In such cases the transaction charge would be recovered in maximum 4 successful installments.
- There shall be no transaction charge on subscription below Rs.10,000/-.
- There shall be no transaction charges on direct investments.

The Transaction Charge as mentioned above shall be deducted by the AMC from the subscription amount of the Unit Holder and paid to the distributor and the balance shall be invested in the Scheme. The statement of account shall clearly state that the net investment as gross subscription less transaction charge and give the number of units allotted against the net investment.

The requirement of minimum application amount shall not be applicable if the investment amount falls below the minimum amount required due to deduction of transaction charges from the subscription amount.

The AMCs shall be responsible for any malpractice/mis-selling by the distributor while charging transaction costs.

I. Introduction

A. Definitions/interpretation

For detailed description please click the link: www.growwmf.in

B. Risk factors

1. Risk associated with Equity and Equity Related Instruments:

Equity and Equity Related Instruments by nature are volatile and prone to price fluctuations on a daily basis due to macro and micro economic factors. The value of Equity and Equity Related Instruments may fluctuate due to factors affecting the securities markets such as volume and volatility in the capital markets, interest rates, currency exchange rates, changes in law/policies of the Government, taxation laws, political, economic or other developments, general decline in the Indian markets, which may have an adverse impact on individual securities, a specific sector or all sectors. Consequently, the NAVs of the Units issued under the Scheme may be adversely affected. Further, the Equity and Equity Related Instruments are risk capital and are subordinate in the right of payment to other securities, including debt securities. Equity and Equity Related Instruments listed on the stock exchange carry lower liquidity risk; however, the Scheme's ability to sell these investments is limited by the overall trading volume on the stock exchanges. In certain cases, settlement periods may be extended significantly by unforeseen circumstances. The inability of the Scheme to make intended securities purchases due to settlement problems could cause the Scheme to miss certain investment opportunities. Similarly, the inability to sell securities held in the Scheme's portfolio may result, at times, in potential losses to the Scheme, should there be a subsequent decline in the value of securities held in the Scheme's portfolio. Further, the volatility of medium / small - capitalization stocks may be higher in comparison to liquid large capitalization stocks.

2. Risk associated with Fixed Income and Money Market Instruments:

Interest - Rate Risk

Fixed Income and Money Market Instruments run interest-rate risk. Generally, when interest rates rise, prices of existing fixed income securities fall and when interest rate falls, the prices increase. The extent of rise or fall in the price is a function of existing coupon, days to maturity, increase or decrease in the level of interest, credit quality, demand and supply. However, in case of Government securities credit risk remains zero, their prices are influenced by the movement in interest rates in the financial system. In case of floating rate instruments, an additional risk could arise because of changes in spreads of floating rate instruments. With increase in spread of floating rate instruments, the price can fall and with decrease in spread of floating rate instruments, the prices can rise. Moreover, the floating rate instruments having a periodical interest rate reset carry lower interest rate risk compared to a fixed rate debt security. However, in the falling interest rate scenario, the returns on floating rate debt instruments may not be better than those on fixed rate debt instruments.

Credit Risk

Credit risk or default risk refers to the risk that the issuer of a fixed income security may default on interest payment or even in paying back the principal amount on maturity. Even where no default occurs, the price of a security may be affected because of change in the credit rating of the issuer/instrument and the price of a security goes down if the credit rating agency downgrades the rating of the issuer. In case of Government Securities, there is minimal credit risk to that extent. Lower rated or unrated securities are more likely to react to developments affecting the market and credit risk than the highly rated securities which react primarily to movements in the general level of

interest rates. Lower rated or unrated securities also tend to be more sensitive to economic conditions than higher rated securities.

Liquidity or Marketability Risk

The ability of the Scheme to execute sale/purchase order is dependent on the liquidity or marketability. The primary measure of liquidity risk is the spread between the bid price and the offer price quoted by a dealer. The securities that are listed on the stock exchange carry lower liquidity risk, but the ability to sell these securities is limited by the overall trading volumes. Further, different segments of Indian financial markets have different settlement cycles and may be extended significantly by unforeseen circumstances. Securities which are not quoted on the stock exchange(s) may be illiquid and can carry higher liquidity risk in comparison with securities which are listed on the stock exchange(s) and offer exit option to the investor including put option. The Scheme would invest in the securities which are not listed but offer attractive yields. This may however increase the risk of the portfolio.

Re-investment Risk

This refers to the interest rate risk at which the intermediate cash flows received from the securities in the Scheme including maturity proceeds are reinvested. Investments in fixed income securities may carry re-investment risk as interest rates prevailing on the interest or maturity due dates may differ from the original coupon of the debt security. Consequently, the proceeds may get invested at a lower rate.

3. Risk Factor associated with investing in Securities Segment and Tri-party Repo trade settlement Clearing Corporation of India Ltd. ('CCIL') is providing clearing and settlement services, for Triparty Repo trades in Government Securities, under its Securities Segment. CCIL would act as a Central Counterparty to all the borrow and lend Triparty Repo trades received by it for settlement. CCIL would also be performing the role responsibilities of Triparty Repo Agent, in terms of Repurchase transactions (Repo) (Reserve Bank) Directions, 2018 as amended from time to time. CCIL would settle the Triparty Repo trades, in terms of its Securities Segment Regulations. The funds settlement of members is achieved by multilateral netting of the funds position in Triparty Repo with the funds position in Outright and Market Repo and settling in the books of RBI for members who maintain an RBI Current Account. In respect of other members, funds settlement is achieved in the books of Settlement Bank. Securities settlement for Triparty Repo trades shall be achieved in the Gilt Account of the Member maintained with CCIL. Securities obligation for outright and market repo trades shall be settled in the SGL / CSGL account of the Member with RBI. Groww Mutual Fund is a member of securities segment and Tri-party Repo trade settlement of the CCIL. Since all transactions of the Fund in government securities and in Tri-party Repo trades are settled centrally through the infrastructure and settlement systems provided by CCIL, it reduces the settlement and counterparty risks considerably for transactions in the said segments. To mitigate the potential losses arising in case any member defaults in settling the transactions routed through CCIL, CCIL maintains a Default Fund. CCIL shall maintain two separate Default Funds in respect of its securities segment, one to meet the losses arising out of any default by its members from outright and repo trades and other for meeting losses arising out of any default by its members from Triparty Repo trades. In case any clearing member fails to honor his settlement obligations, the Default Fund is utilized to complete the settlement applying the Default Waterfall Sequence. As per the said waterfall mechanism, after the defaulter's margins and defaulter's contribution to default fund have been appropriated, CCIL's contribution is used to meet the losses. Post utilization of CCIL's contribution, if there is still a loss to be met, then contribution of non-defaulting members to Default Fund is utilized to meet the said loss. The Scheme is subject to the risk of losing initial margin and contribution to Default Fund in the event of failure of any settlement obligation. Further the Scheme's contribution is allowed to be used to meet the residual loss in case of default by the other clearing member (the defaulting member). Further, CCIL periodically prescribes a list of securities eligible for contribution as collaterals by members. Presently, all Central Government Securities and Treasury Bills are accepted as collaterals by CCIL. The above risk factor may undergo a change in case the CCIL notifies securities other than Government of India Securities as eligible for contributions as collateral.

4. Risk Factor associated with investing in Tier I and Tier II Bonds:

Tier I and Tier II Bonds are unsecured and the RBI prescribes certain restrictions in relation to the terms of these Bonds:

Tier I and Tier II bonds are unsecured in nature. The claims of the Bondholders shall

(i) be subordinated to the claims of all depositors and general creditors of the Bank;

(ii) neither be secured nor covered by any guarantee of the Issuer or its related entity or other arrangement that legally or economically enhances the seniority of the claim vis-a-vis creditors of the Bank;

(iii) Unless the terms of any subsequent issuance of bonds/debentures by the Bank specifies that the claims of such subsequent bond holders are senior or subordinate to the Bonds issued under the Disclosure Document or unless the RBI specifies otherwise in its guidelines, the claims of the Bondholders shall be pari passu with claims of holders of such subsequent debentures/bond issuances of the Bank; (iv) rank pari passu without preference amongst themselves and other subordinated debt eligible for inclusion in Tier 1 / Tier 2 Capital as the case may be. The Bonds are not redeemable at the option of the Bondholders or without the prior consent of RBI. The Bonds (including all claims, demands on the Bonds and interest thereon, whether accrued or contingent) are issued subject to loss absorbency features applicable for non-equity capital instruments issued in terms of Basel III Guidelines including in compliance with the requirements of Annex 5 thereof and are subject to certain loss absorbency features as described in bond prospectus and required of Tier 1 / Tier 2 instruments at the Point of Non Viability as provided for in Annex 16 of the aforesaid Basel III Guidelines as amended from time to time. The Bonds are essentially non-equity regulatory instruments, forming part of a Bank's capital, governed by Reserve Bank of India (RBI) guidelines and issued under the issuance and listing framework given under Chapter VI of the SEBI (Issue and Listing of Non-Convertible Redeemable Preference Shares) Regulations, 2013 ("NCRPS Regulations"). These instruments have certain unique features which, inter-alia, grant the issuer (i.e. banks, in consultation with RBI) a discretion in terms of writing down the principal / interest, to skip interest payments, to make an early recall etc. without commensurate right for investors to legal recourse, even if such actions of the issuer might result in potential loss to investors. Payment of coupon on the Bonds is subject to the terms of Information Memorandum, including Coupon Discretion, Dividend Stopper Clause, Loss Absorption as contained in the Information Memorandum. The Bonds are subject to loss absorption features as per the guidelines prescribed by RBI.

There may be no active market for the Bonds on the platform of the Stock Exchanges. As a result, the liquidity and market prices of the Bonds may fail to develop and may accordingly be adversely affected:

There is no assurance that a trading market for the Bonds will exist and no assurance as to the liquidity of any trading market. Although an application will be made to list the Bonds on the NSE and/or BSE, there can be no assurance that an active market for the Bonds will develop, and if such a market were to develop, there is no obligation on the issuer to maintain such a market. The liquidity and market prices of the Bonds can be expected to vary with changes in market and economic conditions, financial condition and prospects and other factors that generally influence market price of such instruments. Such fluctuations may significantly affect the liquidity and market price of the Bonds, which may trade at a discount to the price at which one purchases these Bonds. Issuer is not required to and will not create or maintain a Debenture Redemption Reserve (DRR) for the Bonds issued under this Disclosure Document:

As per the Companies (Share Capital and Debentures) Rules, 2014, as amended, no Debenture Redemption Reserve is required to be created by Banking Companies issuing debentures.

There is no assurance that the Tier I / Tier II bonds will not be downgraded:

The Rating agencies, which rate the Bonds, have a slightly different rating methodology for Tier I and Tier II bonds. In the event of deterioration of the financial health of the Issuer or due to other reasons, the rating of the Bonds may be downgraded whilst the ratings of other bonds issued by the issuer may remain constant. In such a scenario, for Tier I and Tier II Bond holders may incur losses on their investment.

Risks associated with investing in Derivatives

Derivative products are leveraged instruments and can provide disproportionate gains as well as disproportionate losses to the investor. Execution of such strategies depends upon the ability of the fund manager to identify such opportunities. Identification and execution of the strategies to be pursued by the fund manager involve uncertainty and decision of fund manager may not always be profitable. No assurance can be given that the fund manager will be able to identify or execute such strategies. The risks associated with the use of derivatives are different from or possibly greater than the risks associated with investing directly in securities and other traditional investments. The use of a derivative requires an understanding not only of the underlying instrument but also of the derivative itself. Derivatives require the maintenance of adequate controls to monitor the transactions entered into, the ability to assess the risk that a derivative adds to the portfolio and the ability to forecast price or interest rate movements correctly. Other risks include risk of mispricing or improper valuation and the inability of the derivative to correlate perfectly with underlying assets, rates and indices, illiquidity risk whereby the Scheme may not be able to sell or purchase derivative quickly enough at a fair price.

9. Risks associated with Securities Lending

For Equity Instruments:

As with other modes of extensions of credit, there are risks inherent to securities lending. During the period the security is lent, the Scheme may not be able to sell such security and in turn cannot protect from the falling market price of the said security. Under the current securities lending and borrowing mechanism, the Scheme can call back the securities lent any time before the maturity date of securities lending contract. However, this will be again the function of liquidity in the market and if there are no lenders in the specified security, the Scheme may not be able to call back the security and in the process, the Scheme will be exposed to price volatility. Moreover, the fees paid for calling back the security may be more than the lending fees earned by Scheme at the time of lending the said security and this could result in loss to the Scheme. Also, during the period the security is lent, the Fund will not be able to exercise the voting rights attached to the security as the security will not be registered in the name of the Scheme in the records of the Depository/issuer.

For Debt Instruments:

As with other modes of extensions of credit, there are risks inherent to securities lending, including the risk of failure of the other party, in this case the approved intermediary, to comply with the terms of the agreement entered into between the lender of securities i.e. the Scheme and the approved intermediary. Such failure can result in the possible loss of rights to the collateral put up by the borrower of the securities, the inability of the approved intermediary to return the securities deposited by the lender and the possible loss of any corporate benefits accruing to the lender from the securities deposited with the approved intermediary. The Scheme may not be able to sell such lent securities and this can lead to temporary illiquidity.

10. Risks associated with Short Selling

The Scheme may enter into short selling transactions, subject to SEBI and RBI Regulations. Short positions carry the risk of losing money and these losses may grow unlimited theoretically if the price of the stock increases without any limit. This may result in major loss to the Scheme. At times, the participants may not be able to cover their short positions, if the price increases substantially. If numbers of short sellers try to cover their position simultaneously, it may lead to disorderly trading in the stock and thereby can briskly escalate the price even further making it difficult or impossible to liquidate short position quickly at reasonable prices. In additions, short selling also carries the risk of inability to borrow the security by the participants thereby requiring the participants to purchase the securities sold short to cover the position even at unreasonable prices.

- **Risk Factors with respect to Imperfect Hedging Using Interest Rate**

An Interest Rate Futures is an agreement to buy or sell a debt instrument at a specified future date at a price that is fixed today. Interest Rate Futures are Exchange traded. These future contracts are cash settled.

- Perfect Hedging means hedging the underlying using IRF contract of same underlying.

- Imperfect hedging means the underlying being hedged and the IRF contract has correlation of closing prices of more than 90%.

In case of imperfect hedging, the portfolio can be a mix of:

- Corporate Bonds and Government securities or
 - Only Corporate debt securities or
 - Only government securities with different maturities
-
- Risk associated with imperfect hedging includes:

Basis Risk: The risk arises when the price movements in derivative instrument used to hedge the underlying assets does not match the price movements of the underlying assets being hedged. Such difference may potentially amplify the gains or losses, thus adding risk to the position.

Price Risk: The risk of mispricing or improper valuation and the inability of derivatives to correlate perfectly with underlying assets, rates, and indices.

Risk of mismatch between the instruments: The risk arises if there is a mismatch between the prices movements in derivative instrument used to hedge, compared to the price movement of the underlying assets being hedged. For example, when IRF which has government security as underlying is used, to hedge a portfolio that contains corporate debt securities.

Correlation weakening and consequent risk of regulatory breach: SEBI Regulation mandates minimum correlation criterion of 0.9 (calculated on a 90-day basis) between the portfolio being hedged and the derivative instrument used for hedging. In cases where the correlation falls below 0.9, a rebalancing period of 5 working days has been permitted. Inability to satisfy this requirement to restore the correlation level to the stipulated level, within the stipulated period, due to difficulties in rebalancing would lead to a lapse of the exemption in gross exposure computation. The entire derivative exposure would then need to be included in gross exposure, which may result in gross exposure in excess of 100% of net asset value.

Purchasing a security entails the risk of the security price going down. Short selling of securities (i.e. sale of securities without owning them) entails the risk of the security price going up there by decreasing the profitability of the short position. Short selling is subject to risks related to fluctuations in market price, and settlement/liquidity risks. If required by the Regulations, short selling may entail margin money to be deposited with the clearing house and daily mark to market of the prices and margins. This may impact fund pricing and may induce liquidity risks if the fund is not able to provide adequate margins to the clearing house. Failure to meet margin requirements may result in penalties being imposed by the exchanges and clearing house.

To the extent the assets of the scheme are invested in overseas financial assets, there may be risks associated with currency movements, restrictions on repatriation and transaction procedures in overseas market. Further, the repatriation of capital to India may also be hampered by changes in regulations or political circumstances as well as the application to it of other restrictions on investment. In addition, country risks would include events such as introduction of extraordinary exchange controls, economic deterioration, bi-lateral conflict leading to immobilisation of the overseas financial assets and the prevalent tax laws of the respective jurisdiction for execution of trades or otherwise.

Currency Risk: The fund may invest in overseas mutual fund / foreign securities as permitted by the concerned regulatory authorities in India. Since the assets will be invested in securities denominated in foreign currencies, the Indian Rupee equivalent of the net assets, distributions and income may be adversely affected by changes/fluctuations in the value of the foreign currencies relative to the Indian Rupee.

Country Risk: The Country risk arises from the inability of a country, to meet its financial obligations. It is the risk encompassing economic, social and political conditions in a foreign country, which might adversely affect foreign investors' financial interests.

The trading mechanism introduced by the stock exchange(s) is configured to accept and process transactions for mutual fund units in both Physical and Demat Form. The allotment and/or redemption of Units through NSE and/or BSE or any other recognised stock exchange(s), on any Business Day will depend upon the modalities of processing viz. collection of application form, order processing/settlement, etc. upon which the AMC has no control. Moreover, transactions conducted through the stock exchange mechanism shall be governed by the operating guidelines and directives issued by respective recognized stock exchange(s).

All transactions of the mutual fund in government securities and in Tri-party Repo trades are settled centrally through the infrastructure and settlement systems provided by Clearing Corporation of India (CCIL). This reduces the settlement and counterparty risks considerably.

Risks associated with overseas investment

To the extent the assets of the scheme are invested in overseas financial assets, there may be risks associated with currency movements, restrictions on repatriation and transaction procedures in overseas market. Further, the repatriation of capital to India may also be hampered by changes in regulations or political circumstances as well as the application to it of other restrictions on investment. In addition, country risks would include events such as introduction of extraordinary exchange controls, economic deterioration, bi-lateral conflict leading to immobilisation of the overseas financial assets and the prevalent tax laws of the respective jurisdiction for execution of trades or otherwise.

Currency Risk: The fund may invest in overseas mutual fund / foreign securities as permitted by the concerned regulatory authorities in India. Since the assets will be invested in securities denominated in foreign currencies, the Indian Rupee equivalent of the net assets, distributions and income may be adversely affected by changes/fluctuations in the value of the foreign currencies relative to the Indian Rupee.

Country Risk: The Country risk arises from the inability of a country, to meet its financial obligations. It is the risk encompassing economic, social and political conditions in a foreign country, which might adversely affect foreign investors' financial interests.

Risk factors associated with processing of transaction through Stock Exchange Mechanism

The trading mechanism introduced by the stock exchange(s) is configured to accept and process transactions for mutual fund units in both Physical and Demat Form. The allotment and/or redemption of Units through NSE and/or BSE or any other recognised stock exchange(s), on any Business Day will depend upon the modalities of processing viz. collection of application form, order processing/settlement, etc. upon which the AMC has no control. Moreover, transactions conducted through the stock exchange mechanism shall be governed by the operating guidelines and directives issued by respective recognized stock exchange(s).

Risk Mitigation/Control Strategies:

Equity:

- **Liquidity Risk:** The fund will try to maintain a proper asset-liability match to ensure redemption payments are made on time and not affected by illiquidity of the underlying stocks.
- **Concentration Risk:** The scheme will endeavour to have a well-diversified equity portfolio comprising stocks across various sectors of the economy. This would aid in managing concentration risk and sector-specific risks. Generally, diversification across market cap segments also aids in managing volatility and ensuring adequate liquidity at all times.
- **Derivatives Risk:** The fund will endeavour to maintain adequate controls to monitor the derivatives transactions entered into.

Debt

- **Interest Rate Risk:** The Fund seeks to mitigate this risk by keeping the maturity of the scheme in line with the interest rate expectations.
- **Credit risk or default risk:** Management analysis will be used for identifying company specific risks. Management's past track record will also be studied. In order to assess financial risk a detailed assessment of the issuer's financial statements will be undertaken.
- **Reinvestment Risk:** Reinvestment risks will be limited to the extent of coupons received on debt instruments, which will be a very small portion of the portfolio value.
- **Derivative Risk:** The Scheme may invest in derivative for the purpose of hedging, portfolio balancing and other purposes as may be permitted under the Regulations. Interest Rate Swaps will be done with approved counter parties under pre-approved ISDA agreements. Interest rate swaps and other derivative instruments will be used as per local (RBI and SEBI) regulatory guidelines.
- **Liquidity or Marketability Risk:** Liquidity risk may be high on select securities due to duration and/or issue structure and/ or issuer-specific risk.

Liquidity Risk can be partly mitigated by diversification, staggering of maturities as well as internal risk controls that lean towards purchase of liquid securities.

II. INFORMATION ABOUT THE SCHEME:

G. Other Scheme Specific Disclosures:

Listing and transfer of units	The Scheme being an open-ended Scheme under which the Units are available for Subscription and Redemption on an ongoing basis on all the Business Days, the Units of the Scheme are not proposed to be listed on any stock exchange. However, the AMC/ Trustee reserves the right to list the Units of the Scheme as and when the AMC/ Trustee considers it necessary in the interest of Unit holders of the Scheme. There are no restrictions on transfer of Units of the Scheme whether held in Statement of Account (physical) mode or dematerialised mode. Further, the Units held in dematerialized form can be transferred and transmitted in accordance with
-------------------------------	---

	<p>the provisions of SEBI (Depositories and Participants) Regulations, as may be amended from time to time.</p> <p>Further, additions / deletions of names of Unit holders will not be allowed under any folio of the Scheme. However, the said provisions will not be applicable in case a person (i.e. a transferee) becomes a holder of the Units by operation of law or upon enforcement of pledge, then the AMC shall, subject to production of such satisfactory evidence and submission of such documents, proceed to effect the transfer, if the intended transferee is otherwise eligible to hold the Units of the Scheme. The said provisions in respect of deletion of names will not be applicable in case of death of a Unit holder (in respect of joint holdings) as this is treated as transmission of Units and not transfer</p>
Dematerialization of units	<p>The Scheme offers option to hold units in electronic (demat) mode. Accordingly, the Units of the Scheme will be available in dematerialized (electronic) form. The option to hold units in electronic (demat) mode is not available for plans/options where the IDCW frequency is less than one month. The applicant intending to hold Units in dematerialized form will be required to have a beneficiary account with a Depository Participant (DP) of NSDL/CDSL and will be required to mention in the application form DP Name, DP ID and Beneficiary Account Number with the DP at the time of subscribing Units of the Schemes.</p> <p>In case Unit holders do not provide their demat account details or the demat details provided in the application form are incomplete / incorrect or do not match with the details with the Depository records, the Units will be allotted in account statement mode provided the application is otherwise complete in all respect. The restriction on Redemption (including switch-out) shall be applicable where the Redemption (including switch-out) request is for a value above Rs. 2,00,000/- (Rupees Two Lakhs). Further, no restriction shall be applicable to the Redemption / switch-out request upto Rs. 2,00,000/- (Rupees Two Lakhs). It is further clarified that, in case of redemption request beyond Rs. 2,00,000/- (Rupees Two Lakhs), no restriction shall be applicable on first Rs. 2,00,000/- (Rupees Two Lakhs). The Trustee / AMC reserves the right to restrict Redemption or suspend Redemption of the Units in the Scheme of the Fund on account of circumstances leading to a systemic crisis or event(s) that severely constrict market liquidity or the efficient functioning of the markets. A list of such circumstances under which the restriction on Redemption or suspension of Redemption of the Units in the Scheme of the Fund may be imposed are as follows:</p> <ol style="list-style-type: none"> 1. Liquidity issues- when market at large becomes illiquid affecting almost all securities rather than any issuer specific security; or 2. Market failures / Exchange closures; or 3. Operational issues; or 4. If so directed by SEBI. <p>It is clarified that since the occurrence of the abovementioned eventualities have the ability to impact the overall market and liquidity situation, the same may result in exceptionally large number of Redemption requests being made and in such a situation the indicative timelines (i.e. within 3-4 Business Days) mentioned by the Fund in the scheme offering documents, for processing of requests for Redemption may not be applicable. Please refer to paragraphs on ‘Transfer and Transmission of units, Right to limit Redemption, Suspension of Purchase and/ or Redemption of Units and Pledge of Units’ in the SAI for further details.</p>
<p>Cut off timing for subscriptions/ redemptions/ switches</p> <p>This is the time before which your application (complete in all respects) should reach the official points of acceptance.</p>	<p>For Purchase/ Redemption directly from the fund on any business day:</p> <ol style="list-style-type: none"> a) Upto 3.00 p.m. on a business day, the NAV of such business day. b) After 3.00 p.m. on a business day, the NAV of the following business day. <p>Switches are not allowed under the Scheme. Pursuant to Para 3.6.2.3 of SEBI Master Circular No. SEBI/HO/IMD/IMD-PoD-1/P/CIR/2024/90 dated June 27,</p>

	<p>2024, the aforesaid cut off timing shall not be applicable for direct transaction with AMCs by MM and other eligible investors.</p>
<p>Minimum amount for purchase/redemption/switches (mention the provisions for ETFs, as may be applicable, for direct subscription/redemption with AMC</p>	<p>Purchase: Investors can invest under the Scheme during the New Fund Offer period and ongoing offer period with a minimum investment of Rs. 100/- and in multiples of Re. 1/- thereafter.</p> <p>Additional Purchase: Rs. 100/- and in multiples of Re.1/- thereafter.</p> <p>Investments through SIP: Rs. 100/- and in multiples of Re.1/- thereafter.</p> <p>Switch: During the NFO period (Only from schemes in which switch facility is available) of the Mutual Fund. The switch request will only be taken in amount which has to be for a Minimum Purchase Value of Rs. 100/- and in multiples of Re. 1/-. A switch has the effect of redemption from one scheme/plan/option and a purchase in the other scheme/plan/option to which the switching has been done and accordingly the exit load shall be applicable, if any. The price at which the units will be switched-out will be based on the redemption price of the scheme from which switch-out is done and the proceeds will be invested into the scheme at the NFO Price. The balance amount if any, will be refunded to the investor.</p> <p>Minimum Redemption Amount: The minimum redemption amount shall be Rs. 500 or ‘any number of units’ as requested by the investor at the time of redemption request. The Minimum Application and redemption amount mentioned above shall not be applicable to the mandatory investments made in the Scheme pursuant to the provisions of clause 6.10 of SEBI Master Circular dated June 27, 2024, as amended from time to time.</p>

Accounts Statements	<p>The AMC shall send an allotment confirmation specifying the units allotted by way of email and/or SMS within 5 working days of receipt of valid application/transaction to the Unit holders registered e-mail address and/ or mobile number (whether units are held in demat mode or in account statement form).</p> <p>A Consolidated Account Statement (CAS) detailing all the transactions across all mutual funds (including transaction charges paid to the distributor) and holding at the end of the month shall be sent to the Unit holders in whose folio(s) transaction(s) have taken place during the month by mail or email on or before 15th of the succeeding month.</p> <p>Half-yearly CAS shall be issued at the end of every six months (i.e. September/ March) on or before 21st day of succeeding month, to all investors providing the prescribed details across all schemes of mutual funds and securities held in dematerialized form across demat accounts, if applicable</p> <p>For further details, refer SAI.</p>
Dividend/ IDCW	<p>The IDCW warrants shall be dispatched to the unit holders within 7 working days of the date of declaration of IDCW.</p> <p>In case of Unit Holder having a bank account with certain banks with which the Mutual Fund would have made arrangements from time to time, the IDCW proceeds shall be directly credited to their account.</p> <p>The IDCW will be paid by warrant and payments will be made in favor of the Unit holder (registered holder of the Units or, if there is more than one registered holder, only to the first registered holder) with bank account number furnished to the Mutual Fund (please note that it is mandatory for the Unit holders to provide the Bank account details as per the directives of SEBI).</p> <p>Further, the IDCW proceeds may be paid by way of ECS/EFT/NEFT/RTGS/any other manner through which the investor's bank account specified in the Registrar & Transfer Agent's records is credited with the IDCW proceeds as per the instructions of the Unit holders.</p> <p>In case the delay is beyond 7 working days, then the AMC shall pay interest @ 15% p.a. from the expiry of 7 working days till the date of dispatch of the warrant.</p>
Redemption	<p>The redemption or repurchase proceeds shall be dispatched to the unitholders within three working days from the date of redemption or repurchase.</p> <p>For list of exceptional circumstances refer para 14.1.3 of SEBI Master Circular for Mutual Funds dated June 27, 2024</p>

Bank Mandate	It is mandatory for every applicant to provide the name of the bank, branch, address, account type and number as per SEBI requirements and any Application Form without these details will be treated as incomplete. Such incomplete applications will be rejected. The Registrar / AMC may ask the investor to provide a blank cancelled cheque or its photocopy for the purpose of verifying the bank account number.
Delay in payment of redemption / repurchase proceeds/dividend	The Asset Management Company shall be liable to pay interest to the unitholders at rate as specified vide clause 14.2 of SEBI Master Circular for Mutual Funds dated June 27, 2024 by SEBI for the period of such delay
Unclaimed Redemption and Income Distribution cum Capital Withdrawal Amount	As per the Clause 14.3 of SEBI Master Circular dated June 27, 2024, the unclaimed Redemption and dividend amounts shall be deployed by the Fund in call money market or money market instruments and in a separate plan of Liquid scheme / Money Market Mutual Fund scheme floated by Mutual Funds specifically for deployment of the unclaimed amounts. The investment management fee charged by the AMC for managing such unclaimed amounts shall not exceed 50 basis points. The AMCs shall not be permitted to charge any exit load in this plan. Provided that such schemes where the unclaimed redemption and IDCW amounts are deployed shall be only those Overnight scheme/ Liquid scheme / Money Market Mutual Fund schemes which are placed in A-1 cell (Relatively Low Interest Rate Risk and Relatively Low Credit Risk) of Potential Risk Class matrix. The investors who claim these amounts during a period of three years from the due date shall be paid at the prevailing NAV. After a period of three years, this amount can be transferred to a pool account and the investors can claim the said amounts at the NAV prevailing at the end of the third year. In terms of the circular, the onus is on the AMC to make a continuous effort to remind investors through letters to take their unclaimed amounts. The website of Groww Mutual Fund also provides information on the process of claiming the unclaimed amount and the necessary forms / documents required for the same. The details of such unclaimed amounts are also disclosed in the annual report sent to the Unit Holders. Important Note: All applicants must provide a bank name, bank account number, branch address, and account type in the Application Form.
Disclosure w.r.t investment by minors	As per Para 17.6 of SEBI Master dated June 27, 2024 read with SEBI Circular dated May 12, 2023, the following Process for Investments in the name of a Minor through a Guardian will be applicable: a. Payment for investment by any mode shall be accepted from the bank account of the minor, parent or legal guardian of the minor, or from a joint account of the minor with parent or legal guardian. For existing folios, the AMCs shall insist upon a Change of Pay-out Bank mandate before redemption is processed.

III. Other Details

A. In case of Fund of Funds Scheme, Details of Benchmark, Investment Objective, Investment Strategy, TER, AUM, Year wise performance, Top 10 Holding/ link to Top 10 holding of the underlying fund should be provided – Not Applicable

B. Periodic Disclosures such as Half yearly disclosures, half yearly results, annual report

- **Portfolio / Financial Results:** This is a list of securities where the corpus of the scheme is currently invested. The market value of these investments is also stated in portfolio disclosures.

The Mutual Fund shall within one month of the close of each half year i.e., 31st March and 30th September, upload the soft copy of its unaudited financial results containing the details specified in Regulation 59 on its website and shall publish an advertisement disclosing uploading of such financial results on its website, in one English newspaper having nationwide circulation and in one regional newspaper circulating in the region where the head office of the Mutual Fund is situated.

Further, the mutual fund shall also disclose the debt and money market securities transacted (including inter scheme transfers) in schemes portfolio on daily basis with a time lag of 15 days.

The Mutual Fund shall disclose the scheme portfolios as on the last day of the month/ as on the last day of every half year ended March and September within 10 days from the close of each month / half-year respectively. Further, the Mutual Fund shall also disclose portfolio of the scheme on a fortnightly basis within 5 days from the end of the fortnight. The disclosure shall be on www.growwmf.com and www.amfiindia.com. The AMC shall send via email the fortnightly statement of scheme portfolio within 5 days from the close of each fortnight and the monthly and half-yearly statement of scheme portfolio within 10 days from the close of each month / half-year respectively.

Mutual Fund shall publish an advertisement every half-year disclosing the hosting of the half-yearly statement of its schemes portfolio on its website and on the website of AMFI. Such advertisement shall be published in the all India edition of at least two daily newspapers, one each in English and Hindi. Mutual Fund shall provide a physical copy of the statement of its scheme portfolio, without charging any cost, on specific request received from a unitholder.

Annual Report: As required by the SEBI Regulations, the Fund will mail the scheme wise annual report or an abridged summary thereof to all the unitholders as soon as practical after 31st March each year but not later than four months thereafter, as the Trustee may decide. In case of unitholders whose e-mail addresses are available with the Mutual Fund, the annual report or the abridged summary, as the case may be, would only be sent by email and no physical copies would be mailed to such unitholders. However, those unitholders who still wish to receive physical copies of the annual report/abridged summary notwithstanding their registration of e-mail addresses with the Fund, may indicate their option to the AMC in writing and AMC shall provide the same at nominal price. For the rest of the investors, ie whose email addresses are not available with the mutual fund, the AMC shall send physical copies of scheme annual reports or abridged summary to those unitholders who have opted-in to receive physical copies. The AMC shall display link of the Scheme annual reports or abridged summary prominently on the Fund's website and AMFI website and make the physical copies available to the investors at its registered office at all times.

C. Transparency/NAV Disclosure (Details with reference to information given in Section I)

The AMC will calculate and disclose the first NAV under the Scheme not later than 5 Business Days from the date of allotment of units under the NFO Period. Subsequently, the NAV will be calculated and disclosed at the close of every Business Day. As required by SEBI, the NAVs shall be disclosed in the following manner:

- i) Displayed on the website of the Mutual Fund <https://www.growwmf.in/>
 ii) Displayed on the website of Association of Mutual Funds in India (AMFI) (www.amfiindia.com).
 Any other manner as may be specified by SEBI from time to time. The same shall also be communicated to the Stock exchange(s), where the units will be listed. Mutual Fund / AMC will provide facility of sending latest available NAVs to unitholders through SMS, upon receiving a specific request in this regard. The AMC shall update the NAVs on the website of the Mutual Fund <https://www.growwmf.in/> and on the website of Association of Mutual Funds in India - AMFI (www.amfiindia.com) by 11.00 p.m. on every Business Day. In case of any delay, the reasons for such delay would be explained to AMFI in writing. If the NAVs are not available before commencement of business hours on the following day due to any, the Mutual Fund shall issue a press release giving reasons and explaining when the Mutual Fund would be able to publish the NAVs.

D. Transaction charges and stamp duty- Indicate only the amount of transaction charges and stamp duty applicable.

TRANSACTION CHARGES:

SEBI with the intent to enable investment by people with small saving potential and to increase reach of Mutual Fund products in urban areas and in smaller towns, wherein the role of the distributor is vital, has allowed AMCs under clause 10.5 of SEBI Master Circular SEBI/HO/IMD/IMD-PoD-1/P/CIR/2024/90 dated June 27, 2024 to deduct transaction charges for subscription of Rs. 10,000/- and above. The said transaction charges will be paid to the distributors of the Mutual Fund products (based on the type of product). In accordance with the said circular, AMC / Mutual Fund will deduct the transaction charges from the subscription amount and pay to the distributors (based on the type of product and those who have opted to receive the transaction charges) as shown in the table below. Thereafter, the balance of the subscription amount shall be invested.

(i) Transaction charges shall be deducted for Applications for purchase/ subscription received by distributor as under:

Investor Type	Transaction Charges
First Time Mutual Fund Investor	Transaction charge of Rs.150/- for subscription of Rs.10,000 and above will be deducted from the subscription amount and paid to the distributor/agent of the first time investor. The balance of the subscription amount shall be invested.
Investor other than First Time Mutual Fund Investor	Transaction charge of Rs. 100/- per subscription of Rs, 10,000 and above will be deducted from the subscription amount and paid to the distributor/ agent of the investor. The balance of the subscription amount shall be invested.

(ii) Transaction charges shall not be deducted for:

- Purchases /subscriptions for an amount less than Rs. 10,000/-; and
- Transactions other than purchases/ subscriptions relating to new inflows such as Switches, etc.
- Any purchase/subscription made directly with the Fund (i.e. not through any distributor).
- Transactions carried out through the stock exchange platforms.

Applicability of Stamp Duty : Pursuant to Notification No. S. O. 1226 (E) and G.S.R 226(E) dated March 30, 2020 issued by Department of Revenue, Ministry of Finance, Government of India, read with Part I of Chapter IV of Notification dated February 21, 2019 issued by Legislative Department, Ministry of Law and

Justice, Government of India on the Finance Act, 2019, a stamp duty @ 0.005% of the transaction value shall be levied on applicable mutual fund transactions. Accordingly, pursuant to levy of stamp duty, the number of units allotted on purchase transactions to the unitholders would be reduced to that extent. The stamp duty will be deducted from the net investment amount i.e. gross investment amount less any other deduction like transaction charge. Units will be created only for the balance amount i.e. Net Investment Amount as reduced by the stamp duty. The stamp duty will be computed at the rate of 0.005% on an inclusive method basis.

For instance: If the transaction amount is Rs. 100100 /- and the transaction charge is Rs. 100, the stamp duty will be calculated as follows: $((\text{Transaction Amount} - \text{Transaction Charge}) * 0.005\%) = \text{Rs.5}$. If the applicable Net Asset Value (NAV) is Rs. 10 per unit, then units allotted will be calculated as follows: $(\text{Transaction Amount} - \text{Transaction Charge} - \text{Stamp Duty}) / \text{Applicable NAV} = 9,999.50$ units.

Taxability in the hands of Investor

If the units are held as stock-in-trade of a business, the said income will be taxed at the rates at which the normal income of that investor is taxed.

If the units are held as investments, the said income will be taxed as capital gains. In such case, the tax rates applicable will depend on whether the gain on sale of units is classified as a short-term capital gain or a long-term capital gain.

Tax on Income Distributed by a Mutual Fund

Finance Act, 2020 has amended the provision of section 115R of the Act (Dividend Distribution Tax) to provide that the income distributed on or before 31st March 2020 shall only be covered under the provision of this section.

With effect from 1st April, 2020, dividend or income distribution by mutual fund on units is taxable in the hands of unit holders at the applicable rates

* As per provision of section 194K of the Act, where the amount of income credited or paid in a financial year, in aggregate, does not exceed Rs. 5,000, no withholding is required to be carried out. However, the scheme shall be withholding tax when the aggregate amount in financial year at Permanent Account Number (PAN) level exceeds Rs. 4,000.

Tax rates mentioned above are further increased by surcharge and health and education cess as may be applicable for respective investor.

Surcharge and cess shall not be applied on basic tax while deducting TDS, if any, on income of resident investors.

>10 crores	37%	12%	12%	5%

~~Surcharge rate shall not exceed 25% in case of individual and HUF opting for new tax regime under section 115BAC of the Act. In case total income includes income by way of dividend on shares, short-term capital gains on units of equity oriented mutual fund schemes and long-term capital gains on mutual fund schemes, the rate of surcharge on the said type of income not to exceed 15% [refer clause on Taxation in the SAI for further details]

* 10% basic surcharge (irrespective of taxable income) for domestic companies availing benefit under section 115BAA and section 115BAB of the Act.

Tax plus surcharge shall be further increased by a health and education cess of 4 percent.

DTAA Benefits

Taxability in the hands of non-resident investor shall be subject to Double Taxation Avoidance Agreement (“DTAA” or “tax treaty”) benefits which can be claimed in the return of income to be filed by such investors, as applicable. Further, such DTAA benefit may also be claimed at the time of withholding of taxes (subject to requisite documents for claiming DTAA benefit made available by investor to the Mutual Fund). The investors should obtain specific advice from their tax advisors regarding the availability of the tax treaty benefits.

AADHAR Linking

As per section 139AA of the Act read with rule 114AAA of the Income-tax Rules, 1962, in the case of a resident person, whose PAN has become inoperative due to non-linking of PAN with Aadhaar, it shall be deemed that he has not furnished the PAN and tax could be withheld at a higher rate of 20% as per section 206AA of the Act.

Specified Person (i.e. Non-filer of Income Tax Return)

As per section 206AB of the Act, tax to be deducted at twice the applicable rate in case of payments to Specified Person (except non-resident not having permanent establishment in India or person who is not required to furnish the return of income as notified by the Central Government) who has not furnished the return of income for the assessment year relevant to previous year immediately preceding the financial year in which tax is required to be deducted:

- For which time limit for filing return has expired; and
- The aggregate of tax deducted at source or tax collected at source in his case is Rs. 50,000 or more in the said previous year. Additionally, if provisions of section 206AA are also applicable then tax to be deducted at higher of the two rates provided i.e. rate as per section 206AB or section 206AA.

Securities Transaction Tax (STT)

STT is payable on sale (redemption) of units of an Equity Oriented funds mutual fund.
