IV.	Scheme code	GROW/O/O/EIN/26/02/0060
V.	Investment objective	The investment objective of the Scheme is to generate long-term capital growth by investing in securities of the Nifty Private Bank Index in the same proportion/weightage with an aim to provide returns before expenses that track the total return of Nifty Private Bank Index, subject to tracking errors. However, there can be no assurance or guarantee that the investment objective of the scheme will be achieved.
VI.	Liquidity details: Listing details	The Scheme will offer units for purchases/switch-ins and redemptions/switch-outs at NAV based prices on all business days on an ongoing basis. Repurchase of Units will be at the NAV prevailing on the date the units are tendered for repurchase. As per SEBI Regulations, the Mutual Fund shall dispatch redemption proceeds within 3 working Days of receiving a valid redemption request. A penal interest of 15% per annum or such other rate as may be prescribed by SEBI from time to time, will be paid in case the redemption proceeds are not made within 3 working Days from the date of receipt of a valid redemption request. The Scheme being open ended, the Units are not proposed to be listed on any stock exchange and no transfer facility on the exchange is provided. However, the Trustee reserves the right to list the units as and when open-end Schemes are permitted to be listed under the Regulations, and if the Trustee considers it necessary in the interest of unit holders of the Scheme.
VII.	Benchmark (Total Return Index)	• As per AMFI Tier – 1 benchmark :Nifty Private Bank Index - TRI The Trustees have adopted Nifty Private Bank Index - Total Return Index as the benchmark index. As per its investment objective, the investment would primarily be in Securities which are constituents of the benchmark index. Thus, the composition of the aforesaid benchmark index is such that it is most suited for comparing performance of the Scheme. The Trustees reserves right to change benchmark in future for measuring performance of the Scheme subject to SEBI (MF)Regulations and circulars issued by SEBI from time to time.
VIII.	NAV disclosure	The NAVs of the Scheme will be calculated and updated on every Business day on AMFI's website www.amfiindia.com by 11.00 p.m. The First NAV of the scheme shall be declared within 5 working days from the date of allotment. The NAVs shall also be updated on

Part II. INFORMATION ABOUT THE SCHEME

A. HOW WILL THE SCHEME ALLOCATE ITS ASSETS?

Under normal circumstances, the asset allocation will be as follows:

Instruments	Indicative allocations (% of total assets)	
	Minimum	Maximum
Constituents of Nifty Private Bank Index	95%	100%
Money market instruments# / debt securities, Instruments and/or units of debt/liquid schemes of domestic Mutual Funds	0%	5%

The Asset Allocation portion shall also include subscription and redemption cash flow which may be undeployed due to various reasons (dividend from underlying securities, rebalancing or balances for running cost of the scheme, residual amount due to execution on rounding off etc).

#Money Market instruments includes commercial papers, commercial bills, treasury bills, Government securities having an unexpired maturity up to one year, call or notice money, certificate of deposit, usance bills, and any other like instruments as specified by the Reserve Bank of India from time to time.

In line with Para 5.6 of SEBI Master circular, Securities in which investment is made for the purpose of ensuring liquidity (debt and money market instruments) are those that fall within the definition of liquid assets which includes Cash, Government Securities, T-bills and Repo on Government Securities.

The Scheme does not intend to undertake/ invest/ engage in

- Debt Instruments with special features (AT 1 and AT 2 Bonds)
- Debt Instruments with SO/CE
- InVITs
- ADR/ GDR / Foreign Securities
- Structured obligation/Credit enhancements
- Securitized Debt
- Repo in Corporate Debt Securities
- Credit default swap
- Unrated Debt instruments

The cumulative gross exposure to equity, derivatives, debt instruments and money market instruments will not exceed 100% of the net assets of the scheme in accordance with Clause 13.18 of SEBI Master Circular.

Exposure to equity derivatives of the index itself or its constituent stocks may be undertaken when equity shares are unavailable, insufficient or for rebalancing in case of corporate actions for a temporary period which shall not exceed 7 days. The exposure to derivatives will be rebalanced to align with the underlying index changes in weights or constituents. Index futures/options are meant to be an efficient way of buying/selling an index compared to buying/selling a portfolio of physical shares representing an index for ease of execution and settlement. It can help in reducing the Tracking Error in the Scheme. Index futures/options may avoid the need for trading in individual components of the index, which may not be possible at times, keeping in mind the circuit filter system and the liquidity in some of the individual stocks. Index futures/options can also be helpful in reducing the transaction costs and the processing costs on account of ease of execution of one trade compared to several trades of shares comprising the underlying index and will be easy to settle compared to physical portfolio of shares representing the underlying index. In case of investments in index futures/options, the

risk/reward would be the same as investments in portfolio of shares representing an index. However, there may be a cost attached to buying an index future/option. The Scheme will not maintain any leveraged or trading positions. Exposure to derivatives for non-hedging purpose will be restricted to 20% of net assets of the scheme.

Cash or cash equivalents with residual maturity of less than 91 days may be treated as not creating any exposure. SEBI vide letter dated November 3, 2021 has clarified that Cash Equivalent shall consist of Government Securities, T-Bills and Repo on Government Securities having residual maturity of less than 91 days.

Debt securities include, but are not limited to, Debt securities of the Government of India, State and Local Governments, Government Agencies, Statutory Bodies, Public Sector Undertakings, Public Sector Banks or Private Sector Banks or any other Banks, Financial Institutions, Development Financial Institutions, and Corporate Entities, collateralized debt securities or any other instruments as may be prevailing and permissible under the Regulations from time to time).

The Debt Securities (including money market instruments) referred to above could be fixed rate or floating rate, listed, unlisted, privately placed, unrated among others, as permitted by regulation. Pending deployment of funds of a Scheme in securities in terms of investment objectives of the Scheme a mutual fund can invest the funds of the Scheme in short term deposits of scheduled commercial banks in terms of Clause 13.7 of SEBI Master Circular

Further, the Scheme may, for meeting liquidity requirements invest in units of money market/liquid schemes of Groww Mutual Fund and/or any other mutual fund provided that aggregate inter-scheme investment made by all schemes under the same management or in schemes under the management of any other asset management company shall not exceed 5% of the net asset value of the mutual fund in accordance with Clause 4 of Seventh Schedule of SEBI (MF) Regulations. The AMC shall not charge any investment management fees with respect to such investment.

Investments in Scheme by AMC, Sponsor & Associates

Subject to the Regulations, the AMC and investment companies managed by the Sponsor(s), their associate companies and subsidiaries may invest either directly or indirectly, in the Scheme during the NFO and/or on ongoing basis. However, the AMC shall not charge any investment management fee on such investment in the Scheme, in accordance with sub-regulation 3 of Regulation 21 of the Regulations and shall charge fees on such amounts in future only if the SEBI(MF) Regulations so permit. The associates, the Sponsor, subsidiaries of the Sponsor and/or the AMC may acquire a substantial portion of the Scheme's units and collectively constitute a major investment in the Schemes. The AMC reserves the right to invest its own funds in the Scheme as may be decided by the AMC from time to time and required by applicable regulations. In terms of SEBI notification dated August 5, 2021 and as per Regulation 22, sub-regulation 3(a) of SEBI(MF) Regulations, the asset management company shall invest such amounts in such schemes of the mutual fund, based on the risks associated with the schemes, as may be specified by the Board from time to time. In case of NFO, AMC's investment shall be made during the allotment of units and shall be calculated as a percentage of the final allotment value excluding AMC's investment pursuant to this circular.

Indicative Table (Actual instrument/percentages may vary subject to applicable SEBI circulars)

Sl. no	Type of Instrument	Percentage of exposure	Circular references*
1.	Securities Lending	20%	Paragraph 13.6 of Master Circular
2.	Equity Derivatives for non- hedging purposes	20%	Paragraph 13.15 of SEBI Master Circular of Mutual Fund

3.	Securitized Debt	0%	Paragraph 13.1(2) of Master Circular of Mutual Fund
4.	Overseas Securities	0%	Paragraph 13.11 of Master Circular of Mutual Fund
5.	InVITS	0%	Paragraph 13.13 of Master Circular of Mutual Fund
6.	AT1 and AT2 Bonds	0%	Paragraph 13.1 (9) of Master Circular of Mutual Fund
7.	Any other instrument	0%	-

Timelines for deployment of funds collected in NFO

As per clause 7.24.1 of SEBI Master circular, the AMC shall aim to deploy the funds garnered during the NFO within 30 business days from the date of allotment of units.

In an exceptional case, if the AMC is not able to deploy the funds within 30 business days as per the scheme's asset allocation, reasons in writing, including details of efforts made to deploy the funds, will be placed before the Investment Committee. The Investment Committee, after examining the root cause for delay in deployment, may extend the timeline by 30 business days. Further, in case the funds are not deployed within the aforementioned mandated plus extended timelines, the AMC shall comply with the prescribed restrictions, the reporting and disclosure requirements as prescribed.

Rebalancing due to passive breach

In accordance with Clause 4.5.5 of Master Circular of Mutual Fund in case of change in constituents of the index due to periodic review, the portfolio of the Scheme shall be rebalanced within 7 calendar days. Any transactions undertaken in the scheme portfolio in order to meet the redemption and subscription obligations shall be done while ensuring that post such transactions replication of the portfolio with the index is maintained at all points of time. In the event of involuntary corporate action, the Scheme shall dispose the security not forming part of the underlying index within 7 calendar Days from the date of allotment/ listing.

Rebalancing of deviation due to short term defensive consideration

In the event of the asset allocation falling outside the limits specified in the asset allocation table, the Fund Manager will rebalance the same within 7 calendar days. However, at all times the portfolio will adhere to the overall investment objectives of the Scheme. Any alteration in the investment pattern will be for short-term defensive consideration as per Clause 4.5.5 of Master Circular of Mutual Fund the intention being at all times to protect the interests of the Unit Holders.

Tracking error

The Scheme, in general, will hold all the securities that constitute the underlying Index in the same proportion as the index. Expectation is that, over a period of time, the tracking error of the Scheme relative to the performance of the Underlying Index will be relatively low. The AMC would monitor the tracking error of the Scheme on an ongoing basis and would seek to minimize tracking error to the maximum extent possible. Under normal market circumstances such tracking error is not expected to exceed 2% p.a. for daily 12 month rolling return. However, in case of events like, dividend received from underlying securities, and market volatility during rebalancing of the portfolio following the rebalancing of the Underlying Index, etc. or in abnormal market circumstances, the tracking error may exceed the above limits and the same shall be brought to the notice of Trustees with corrective actions taken by the AMC, if any. Since the Scheme is an index fund, it will endeavour that at no point of time the Scheme will deviate from the index.

B. WHERE WILL THE SCHEME INVEST?

1. Equity and Equity related instruments constituting the Nifty Private Bank Index - TRI in the similar proportion (weightage) as in the Index and endeavour to track the benchmark index including equity derivatives for non-hedging purpose upto 20%.
2. Debt securities and Money Market Instruments (including reverse repos, Commercial Deposit, Commercial Paper, Treasury Bills and Tri-Party Repos) permitted by SEBI/RBI or in alternative investment for the call money market as may be provided by RBI to meet the liquidity requirements.
3. Derivatives and such other derivative instruments permitted under Regulations.
4. Mutual Fund units
5. Any other instruments as may be permitted by RBI/SEBI under prevailing laws from time to time.

C. WHAT ARE THE INVESTMENT STRATEGIES?

The Scheme will be managed passively with investments in stocks in a proportion to the weights of these stocks in the Nifty Private Bank Index - TRI. The investment strategy would revolve around reducing the tracking error to the least possible through rebalancing of the portfolio, considering the change in weights of stocks in the index as well as the incremental collections/redemptions from the Scheme.

The designated Fund manager of the scheme will be responsible for taking the day-to-day investment decisions and will inter-alia be responsible for asset allocation, security selection and timing of investment decisions.

The Scheme shall be benchmarked to Nifty Private Bank Index - TRI. Since the scheme is an index fund, the compositions of the benchmark are such that it is most suited for comparing performance of the Scheme.

A small portion of the net assets will be held as cash or will be invested in debt and money market instruments permitted by SEBI/RBI including TREPS or in alternative investment for the TREPS as may be provided by the RBI, to meet the liquidity requirements under the Scheme.

The AMC may approach rating agencies such as CRISIL, ICRA, etc for ratings of the scheme.

The Scheme may invest in other Scheme managed by the AMC or in the Schemes of any other Mutual Funds, provided it is in conformity to the investment objectives of the Scheme and in terms of the prevailing Regulations. As per the Regulations, no investment management fees will be charged for such investments and the aggregate inter-Scheme investment made by all Schemes of Groww Mutual Fund or in the Schemes under the management of other asset management companies shall not exceed 5% of the net asset value of the Groww Mutual Fund. The limit however does not apply to any Fund of Funds scheme. For the present, the Scheme does not intend to enter into underwriting obligations. However, if the Scheme does enter into an underwriting agreement, it would do so after complying with the Regulations.

“Derivative products are leveraged instruments and can provide disproportionate gains as well as disproportionate losses to the investor. Execution of such strategies depends upon the ability of the fund manager to identify such opportunities. Identification and execution of the strategies to be pursued by the fund manager involve uncertainty and decision of fund manager may not always be profitable. No assurance can be given that the fund manager will be able to identify or execute such strategies”.

PORTFOLIO TURNOVER

Portfolio turnover in the scheme will be a function of market opportunities. It is difficult to estimate with any reasonable measure of accuracy, the likely turnover in the portfolio. The AMC will endeavour to optimize portfolio turnover to optimize risk adjusted return keeping in mind the cost associated with it. A high portfolio turnover rate is not necessarily a drag on portfolio performance and may be representative of investment opportunities that exist in the market.

Generally, turnover will depend upon the extent of purchase and redemption of units and the need to rebalance the portfolio on account of change in the composition, if any, and corporate actions of securities included in Nifty Private Bank Index - TRI. However, it will be the endeavour of the Fund Manager to maintain an optimal portfolio turnover rate commensurate with the investment objective of the Scheme and the purchase/ redemption transactions on an ongoing basis in the Scheme.

D. HOW WILL THE SCHEME BENCHMARK ITS PERFORMANCE?

Benchmark (Total Returns Index): Nifty Private Bank Index - TRI.

The Trustees have adopted Nifty Private Bank Index - TRI as the benchmark index. As per its investment objective, the investment would primarily be in Securities which are constituents of the benchmark index. Thus, the composition of the aforesaid benchmark index is such that it is most suited for comparing performance of the Scheme.

Part III- OTHER DETAILS

A. COMPUTATION OF NAV

The NAV of the Units of the Scheme will be computed by dividing the net assets of the Scheme by the number of Units outstanding on the valuation date. The Fund shall value its investments according to the valuation norms, as specified in Seventh Schedule of the Regulations, or such norms as may be prescribed by SEBI from time to time.

All expenses and incomes accrued up to the valuation date shall be considered for computation of NAV. For this purpose, major expenses like management fees and other periodic expenses would be accrued on a day to day basis. The minor expenses and income will be accrued on a periodic basis, provided the nondaily accrual does not affect the NAV calculations by more than 1%.

Any changes in securities and in the number of units be recorded in the books not later than the first valuation date following the date of transaction. If this is not possible given the frequency of the Net Asset Value disclosure, the recording may be delayed upto a period of seven days following the date of the transaction, provided that as a result of the non-recording, the Net Asset Value calculations shall not be affected by more than 1%.

In case the Net Asset Value of a scheme differs by more than 1%, due to non - recording of the transactions, the investors or scheme/s as the case may be, shall be paid the difference in amount as follows:-

- (i) If the investors are allotted units at a price higher than Net Asset Value or are given a price lower than Net Asset Value at the time of sale of their units, they shall be paid the difference in amount by the scheme.
- (ii) If the investors are charged lower Net Asset Value at the time of purchase of their units or are given higher Net Asset Value at the time of sale of their units, asset management company shall pay the difference in amount to the scheme. The asset management company may recover the difference from the investors.

NAV of units under the Scheme shall be calculated as shown below:

NAV (Rs.) =

Market or Fair Value of Scheme's investments	+	Current Assets including Income	-	Current Liabilities and Provisions including accrued expenses
--	---	---------------------------------	---	---

No. of Units outstanding under Scheme

The NAV of the Scheme will be calculated upto four decimal places and will be declared on each business day. The valuation of the Scheme's assets and calculation of the Scheme's NAV shall be subject to audit on an annual basis and shall be subject to such regulations as may be prescribed by SEBI from time to time.

Illustration:

Assume that the Market or Fair Value of Scheme's investments is Rs. 1,00,00,000; Current asset of the scheme is Rs. 25,00,000; Current Liabilities and Provisions is Rs. 15,00,000 and the No. of Units outstanding under the scheme are 5,00,000. Thus, the NAV will be calculated as:

$$\text{NAV} = \frac{10000000 + 2500000 - 1500000}{500000} = 22.0000$$

Therefore, the NAV of the scheme is Rs. 22.0000

While determining the price of the units, the mutual fund shall ensure that the repurchase price of an open ended scheme is not lower than 97 per cent of the Net Asset Value.

Valuation of the scheme's assets, calculation of the scheme's NAV and the accounting policies & standards will be subject to such norms and guidelines that SEBI may prescribe from time to time. For the detailed

Valuation Policy and the accounting policy of the AMC, please refer the Statement of Additional Information.

For other details such as policies w.r.t computation of NAV, rounding off, investment in foreign securities, procedure in case of delay in disclosure of NAV etc. refer to SAI

B. NEW FUND OFFER (NFO) EXPENSES

These expenses are incurred for the purpose of various activities related to the NFO like sales and distribution fees paid marketing and advertising, registrar expenses, printing and stationary, bank charges etc. The New Fund Offer expenses of the scheme will be borne by the AMC.

C. ANNUAL SCHEME RECURRING EXPENSES

These are the fees and expenses for operating the Scheme. These expenses include, inter alia, the Investment Management and Advisory Fee charged by the AMC, Registrar and Transfer Agent's fee, marketing and selling expense and other permissible expense, as detailed in the table below:

The AMC has estimated that expenses upto 0.90% of the daily net assets of the scheme may be charged as the total recurring expenses. For the actual current expenses being charged, the investor are requested to refer to the website of the Mutual Fund at <https://www.growwmf.in/downloads/expense-ratio>.

The purpose of the below table is to assist the investor in understanding various costs and expenses that an investor in the Scheme will bear directly or indirectly. These estimates have been made in good faith as per the information available with AMC based on past experience and are subject to change inter-se.

10.	expenses towards storage and handling of underlying goods due to physical settlement of any commodity derivative contract or cost towards storage and handling of gold and silver; (as applicable)	
11.	listing fees, in case of schemes listed on a recognised stock exchange; and	
12.	Investor Education and awareness program	
13.	such other expenses as may be specified or approved by the SEBI.	
14.	Maximum Base expense ratio (BER) permissible under Regulation 66 (7)(c)	Upto 0.90

Brokerage and transaction costs incurred for the execution of trades and included in the cost of investment, shall not exceeding 0.06% of the value of trades in case of cash market transactions and 0.02% of the value of trades in case of derivative market transactions.

Any expense charges towards brokerage in excess of the aforesaid limits shall form part of the BER limit specified under sub-regulation (7) of Regulation 66.

All scheme related expenses, including commission paid to distributors, shall be charged to the scheme only within the regulatory limits and shall not be borne by the AMC, its associates, sponsor, trustee or any other entity through any route. Provided that, such expenses which are not specifically covered under sub regulation (4), (5), (6),(9),(10) of Regulation 66 may be borne by the AMC, subject to such expenses being incurred at actuals or not exceeding 2 basis points (bps) of the Scheme's AUM, whichever is lower.

Transaction costs incurred for the purpose of execution of trade mean regulatory levies and any other expenses charged by the stock exchanges, clearing corporation, and clearing house, as applicable. Such transaction costs shall not form part of the base expense ratio.

All statutory levies will be over and above the base expense ratio limits as defined in regulation 66(7).

All fees and expenses charged in a direct plan (in percentage terms) under various heads including the Investment Management and Advisory fee, shall not exceed the fees and expenses charged under such heads in a Regular plan.

All scheme related expenses, including commission paid to distributors, shall be charged to the scheme only within the regulatory limits and shall not be borne by the AMC, its associates, sponsor, trustee or any other entity through any route in terms of SEBI circulars, subject to the clarifications provided by SEBI to AMFI vide letter dated February 21, 2019 on implementation of clause 11.3 of Master Circular.

Provided that, such expenses which are not specifically covered under sub regulation (4), (5), (6),(9),(10) of Regulation 66 may be borne by the AMC, subject to such expenses being incurred at actuals or not exceeding 2 basis points (bps) of the Scheme's AUM, whichever is lower.

Further with regards to the cost of borrowings in terms of Regulation 42, the same shall be adjusted against the portfolio yield of the Scheme and borrowing costs in excess of portfolio yield, if any, shall be borne by the AMC

In accordance with clause 11.2 of the SEBI Master Circular, the AMC shall prominently disclose TER on daily basis on the website www.growwmf.com and on website of AMFI.

^ Additional incentives to distributors

As per As per clause 11.6 of SEBI Master circular HO/24/13/11(1)2026-IMD-POD-1/I/7602/2026 dated March 20, 2026, effective March 1, 2026 additional incentives to distributors for onboarding new individual investors from B-30 cities and women investors shall be paid from amount mandated to be set apart annually by AMCs for investor education, awareness and financial inclusion initiatives, subject to adequate claw back provisions as per

the terms and condition as mentioned therein. For detailed methodology for determination of additional incentive, please refer SAI.

The Fund / the AMC shall adopt full trail model of commission in the Scheme, without payment of any upfront commission or upfronting of any trail commission, directly or indirectly, in cash or kind, through sponsorships, or any other route. However, upfronting of trail commission shall be permitted only in case of inflows through Systematic Investment Plans (SIPs) in accordance with applicable regulatory provisions.

In terms of paragraph 11.9 of Master Circular of Mutual Fund, the AMC / Mutual Fund shall annually set apart at least 1 basis points (i.e. 0.01%) on daily net assets of the scheme within the maximum limit of base expense ratio as per Regulation 66(7) for investor education, awareness and financial inclusion initiatives.

No pass back, either directly or indirectly, shall be given by the Fund / the AMC / Distributors to the investors. However, If the scheme will qualify as per clause 20.5.2 of the Master circular w.r.t. MF lite framework (if applicable), the expense towards investor education & awareness will be 5% of total BER charged to the direct plan of the Scheme, subject to maximum of 0.5 bps of AUM. Out of the total amount transferred to AMFI for investor awareness by AMCs, AMFI shall allocate a minimum of 5 percent for focused investor education and awareness towards promoting passive funds, distinct from AMFI's general investor education initiatives

In view of the individual nature of the implications, each investor is advised to consult his or her own tax advisors/authorised dealers with respect to the specific amount of tax and other implications arising out of his or her participation in the schemes.*

For the actual current expenses being charged to the Scheme, investor investors are advised to refer to the website of the Mutual Fund at: <https://www.growwmf.in/downloads/expense-ratio> .

Any change proposed to the current expense ratio shall be updated on the aforesaid website at least three working days prior to the effective date of such change.

The purpose of the above table is to assist the investor in understanding various costs and expenses that an investor in the Scheme will bear directly or indirectly. These estimates have been made in good faith as per the information available with AMC based on past experience and are subject to change inter-se.

Notwithstanding anything contained herein, the provisions of the SEBI (Mutual Funds) Regulations, 2026 and the SEBI Master Circular for Mutual Funds, as amended from time to time, shall prevail. In case of any inconsistency or deviation between the provisions stated herein and the applicable Regulations or Master Circular, the provisions of the Regulations and/or Master Circular shall prevail.

D. LOAD STRUCTURE

Exit Load is an amount which is paid by the investor to redeem the units from the scheme. Load amounts are variable and are subject to change from time to time. For the current applicable structure, please refer to the website of the AMC (<https://www.growwmf.in/downloads/fact-sheet>) or may call at 8050180222) or your distributor or write to us at support@growwmf.in.

Type of Load	Load chargeable (as %age of NAV)
Exit Load	Nil

The Trustee reserves the right to modify/alter the load structure and may decide to charge on the Units with prospective effect, subject to the maximum limits as prescribed under the SEBI Regulations. At the time of changing the load structure, the AMC shall take the following steps:

- Arrangements shall be made to display the changes/modifications in the SID in the form of a notice in all the Groww Mutual Fund's ISCs' and distributors' offices and on the website of the AMC.
- The notice-cum-addendum detailing the changes shall be attached to SIDs and Key Information Memoranda. The addendum will be circulated to all the distributors so that the same can be attached to all SIDs and Key Information Memorandum already in stock.
- The introduction of the exit load along with the details shall be stamped in the acknowledgement slip issued to the investors on submission of the application form and may also be disclosed in the statement of accounts issued after the introduction of such load.
- Any other measures which the mutual funds may feel necessary.

The AMC may change the load from time to time and in case of an exit/repurchase load this may be linked to the period of holding. It may be noted that any such change in the load structure shall be applicable on prospective investment only. The exit load (net off GST, if any, payable in respect of the same) shall be credited to the Scheme of the Fund. The distributors should disclose all the commissions (in the form of trail commission or any other mode) payable to them for the different competing schemes of various mutual funds from amongst which the scheme is being recommended to the investor.

B. Risk factors

Scheme Specific Risk factors & Special Considerations

- The liquidity of the Scheme's investments is inherently restricted by trading volumes in the securities in which it invests.
- Changes in Government policy in general and changes in tax benefits applicable to mutual funds may impact the returns to Investors in the Scheme.
- Mutual Funds being vehicles of securities investments are subject to market and other risks and there can be no guarantee against loss resulting from investing in the schemes. The various factors which impact the value of scheme investments include but are not limited to fluctuations in the equity and bond markets, fluctuations in interest rates, prevailing political and economic environment, changes in government policy, factors specific to the issuer of securities, tax laws, liquidity of the underlying instruments, settlements periods, trading volumes etc. and securities investments are subject to market risks and there is no assurance or guarantee that the objectives of the Scheme will be achieved.
- From time to time and subject to the Regulations, the Sponsors, the Mutual Funds and investment companies managed by them, their affiliates, their associate companies, subsidiaries of the Sponsors, and the AMC may invest either directly or indirectly in the Scheme. The funds managed by these affiliates, associates, the Sponsors, subsidiaries of the Sponsors and /or the AMC may acquire a substantial portion of the Scheme's Units and collectively constitute a major investor in the Scheme. Accordingly, redemption of Units held by such funds, affiliates/associates and Sponsors might have an adverse impact on the Units of the Scheme because the timing of such redemption may impact the ability of other Unitholders to redeem their Units. Further, as per the Regulation, in case the AMC invests in any of the schemes managed by it, it shall not be entitled to charge any fees on such investments.
- Different types of securities in which the scheme would invest as given in the Scheme Information Document carry different levels and types of risk. Accordingly, the scheme's risk may increase or decrease depending upon its investment pattern. E.g. corporate debt securities carry a higher amount of risk than Government securities. Further even among corporate debt securities, bonds which are AAA rated are comparatively less risky than bonds which are AA rated. The Scheme attempts to track the respective indices and it would invest in the securities included in its Underlying indices regardless of their investment merit. The Scheme may be affected by a general decline in the Indian markets.
- Performance of the Nifty Private Bank Index - TRI will have a direct bearing on the performance of the scheme. In the event the Nifty Private Bank Index - TRI is dissolved or is withdrawn by NSE India or is not published due to any reason whatsoever, the Trustee reserves the right to modify the respective scheme so as track a different and suitable index or to suspend tracking the Nifty Private Bank Index - TRI till such time it is dissolved / withdrawn or not published and appropriate intimation will be sent to the Unit holders of the scheme. In such a case, the investment pattern will be modified suitably to match the composition of the securities that are included in the new index to be tracked and the scheme will be subject to tracking errors during the intervening period.
- Tracking errors are inherent in any index fund and such errors may cause the scheme to generate returns which are not in line with the performance of the Nifty Private Bank Index - TRI or one or

more securities covered by / included in the Nifty Private Bank Index - TRI and may arise from a variety of factors including but not limited to, any delay in the purchase or sale of shares due to illiquidity in the market, settlement and realisation of sales proceeds, delay in credit of securities or in receipt and consequent reinvestment of Income Distribution cum Capital Withdrawal, etc.

- NSE undertakes periodic reviews of the securities that are represented in the Nifty Private Bank Index - TRI and from time to time may exclude existing securities or include new ones. In such an event, the scheme will endeavor to reallocate its portfolio to mirror the changes. However, the reallocation process may not occur instantaneously and permit precise mirroring of the Nifty Private Bank Index - TRI during this period.
- The potential of trades to fail may result in the scheme not having acquired the security at the price necessary to mirror the index.
- Transaction and other expenses, such as but not limited to brokerage, custody, trustee and investment management fees.
- Being an open-ended scheme, the scheme may hold appropriate levels of cash or cash equivalents to meet ongoing redemptions. The scheme may not be able to acquire or sell the desired number of securities due to conditions prevailing in the securities market, such as, but not restricted to: circuit filters in the securities, liquidity and volatility in security prices.
- Due to the reasons mentioned above and other reasons that may arise, it is expected that the scheme may have a tracking error not exceeding 2% per annum. In case of unavoidable circumstances in the nature of force majeure, which are beyond the control of the AMC, the tracking error may exceed 2% and the same will be intimated to the Trustees with corrective actions taken by the AMC, if any.
- In case of investments in derivatives like index futures, the risk reward would be the same as investments in portfolio of shares representing an index. However, there may be a cost attached to buying an index future. Further, there could be an element of settlement risk, which could be different from the risk in settling physical shares and there is a risk attached to the liquidity and the depth of the index futures market as it is relatively new market.

Risk specific to investing in securities forming part of Nifty Private Bank Index – TRI:

Groww Nifty Private Bank Index Fund is passively a managed Index Scheme i.e. the amount collected under the scheme is invested in securities of companies comprising the underlying index in the same weightages as they have in the underlying index. The composition of the underlying index is subject to changes that may be affected periodically by the Index Service Provider. Performance of the underlying index will have a direct bearing on the performance of the scheme. The extent of the Tracking error may have an impact on the performance of the scheme.

The index methodology may be changed by the index provider in future due to several externalities. The change in the methodology of the index may affect the future portfolio and/or performance of the index and the scheme.

Risk associated with Debt & Money Market Instruments

- **Price-Risk or Interest-Rate Risk:** Fixed income securities such as bonds, debentures and money market instruments run price-risk or interest-rate risk. Generally, when interest rates rise, prices of existing fixed income securities fall and when interest rates drop, such prices increase. The extent of fall or rise in the prices is a function of the existing coupon, days to maturity and the increase or decrease in the level of interest rates.
- **Credit Risk:** In simple terms this risk means that the issuer of a debenture/bond or a money market instrument may default on interest payment or even in paying back the principal amount on maturity. Even where no default occurs, the price of a security may go down because the credit rating of an issuer goes down. It must, however, be noted that where the Scheme(s) has invested in Government Securities, there is no credit risk to that extent. Different types of securities in which the scheme(s) would invest as given in the scheme information document carry different levels and types of risk. Accordingly, the scheme's risk may increase or decrease depending upon its investment pattern.

E.g. corporate debt securities carry a higher amount of risk than Government securities. Further even among corporate debt securities, bonds which are AAA rated are comparatively less risky than bonds which are AA rated.

- **Re-investment Risk:** Investments in fixed income securities may carry re-investment risk as interest rates prevailing on the interest or maturity due dates may differ from the original coupon of the bond. Consequently, the proceeds may get invested at a lower rate.
- **Basis Risk (Interest - rate movement):** During the life of a floating rate security or a swap, the underlying benchmark index may become less active and may not capture the actual movement in interest rates or at times the benchmark may cease to exist. These types of events may result in loss of value in the portfolio.
- **Spread Risk:** In a floating rate security the coupon is expressed in terms of a spread or mark up over the benchmark rate. However, depending upon the market conditions, the spreads may move adversely or favourably leading to fluctuation in the NAV.
- **Liquidity Risk:** Due to the evolving nature of the floating rate market, there may be an increased risk of liquidity risk in the portfolio from time to time.
- **Other Risk:** In case of downward movement of interest rates, floating rate debt instruments will give a lower return than fixed rate debt instruments.

Risks associated with investing in TREPS Segments

The mutual fund is a member of securities and TREPS segment of the Clearing Corporation of India (CCIL). All transactions of the mutual fund in government securities and in TREPS segments are settled centrally through the infrastructure and settlement systems provided by CCIL; thus reducing the settlement and counterparty risks considerably for transactions in the said segments. The members are required to contribute an amount as communicated by CCIL from time to time to the default fund maintained by CCIL as a part of the default waterfall (a loss mitigating measure of CCIL in case of default by any member in settling transactions routed through CCIL). The mutual fund is exposed to the extent of its contribution to the default fund of CCIL at any given point in time. In the event that the default waterfall is triggered and the contribution of the mutual fund is called upon to absorb settlement/default losses of another member by CCIL, the scheme may lose an amount equivalent to its contribution to the default fund allocated to the scheme on a pro-rata basis.

Risk associated with securities lending

Securities Lending is a lending of securities through an approved intermediary to a borrower under an agreement for a specified period with the condition that the borrower will return equivalent securities of the same type or class at the end of the specified period along with the corporate benefits accruing on the securities borrowed. In case the Scheme undertakes stock lending under the Regulations, it may, at times be exposed to counter party risk and other risks associated with the securities lending. Unitholders of the Scheme should note that there are risks inherent to securities lending, including the risk of failure of the other party, in this case the approved intermediary, to comply with the terms of the agreement entered into between the lender of securities i.e. the Scheme and the approved intermediary. Such failure can result in the possible loss of rights to the collateral put up by the borrower of the securities, the inability of the approved intermediary to return the securities deposited by the lender and the possible loss of any corporate benefits accruing to the lender from the securities deposited with the approved intermediary. The risks in lending portfolio securities, as with other extensions of credit, consist of the failure of another party, in this case the approved intermediary, to comply with the terms of agreement entered into between the lender of securities i.e. the Scheme and the approved intermediary. Such failure to comply can result in the possible loss of rights in the collateral put up by the borrower of the securities, the inability of the approved intermediary to return the securities deposited by the lender and the possible loss of any corporate benefits accruing to the lender from the securities deposited with the approved intermediary. The Mutual Fund may not be able to sell such lent securities and this can lead to temporary illiquidity

Risk factors with investing in Derivatives

Derivative products are leveraged instruments and can provide disproportionate gains as well as disproportionate

losses to the investor. Execution of such strategies depends upon the ability of the fund manager to identify such opportunities. Identification and execution of the strategies to be pursued by the fund manager involve uncertainty and decision of fund manager may not always be profitable. No assurance can be given that the fund manager will be able to identify or execute such strategies. The risks associated with the use of derivatives are different from or possibly greater than, the risks associated with investing directly in securities and other traditional investments. As and when the Scheme trade in the derivatives market there are risk factors and issues concerning the use of derivatives that investors should understand.

Derivative products are specialized instruments that require investment techniques and risk analyses different from those associated with stocks and bonds. The use of a derivative requires an understanding not only of the underlying instrument but of the derivative itself. Derivatives require the maintenance of adequate controls to monitor the transactions entered into, the ability to assess the risk that a derivative adds to the portfolio and the ability to forecast price or interest rate movements correctly. There is the possibility that a loss may be sustained by the portfolio as a result of the failure of another party (usually referred to as the “counter party”) to comply with the terms of the derivatives contract.

The specific risk factors arising out of a derivative strategy used by the Fund Manager may be as below:

- Lack of opportunity available in the market;
- The risk of mispricing or improper valuation and the inability of derivatives to correlate perfectly with underlying assets, rates and indices.

Other risks in using derivatives include the risk of mispricing or improper valuation of derivatives and the inability of derivatives to correlate perfectly with underlying assets, rates and indices.

Risks associated with Tracking errors/ difference:

Tracking error means the extent to which the NAV of the fund moves in a manner inconsistent with the movements of the benchmark index on any given day or over any given period of time due to any cause or reason whatsoever including but not limited to expenditure incurred by the scheme, IDCW payouts if any, whole cash not invested at all times as it may keep a portion of funds in cash to meet redemption etc. The tracking error i.e. the annualized standard deviation of the difference in daily returns between the underlying index and the NAV of the Scheme based on daily past one year rolling data shall not exceed 2%. In case of unavoidable circumstances in the nature of force majeure, which are beyond the control of the AMCs, the tracking error may exceed 2% and the same shall be brought to the notice of Trustees with corrective actions taken by the AMC, if any. However, the Fund will endeavour to limit the tracking error within 2% limits. Tracking difference is the difference of return between the scheme and benchmark annualized over 1 year, 3 year, 5 years, 10 years and since inception period. Tracking error/ difference could be the result of a variety of factors including but not limited to:

- Delay in the purchase or sale of stocks within the benchmark due to illiquidity in the stocks, circuit filters on the stocks
- Delay in realisation of sale proceeds
- The scheme may buy or sell the stocks comprising the index at different points of time during the trading session at the then prevailing prices which may not correspond to its closing prices.
- Index providers may either exclude or include new scrips in their periodic review of the stocks that constitute the underlying index. In such situations the scheme will endeavour to rebalance the portfolio in line with the index. But may not be able to mirror the index immediately due to the available investment/reinvestment opportunity.
- The holding of a cash position and accrued income prior to distribution of income and payment of accrued expenses.
- Disinvestments to meet redemptions, recurring expenses, payouts of IDCW etc.
- Execution of large buy / sell orders
- Delay in credit of securities

- Transaction cost and recurring expenses
- Delay in realisation of Unit holders' funds
- Levy of margins by exchanges

SEBI / other Regulatory restrictions on investments and/ or divestments by the scheme / Mutual Fund, which are outside the control of AMC, which may further cause / impact the tracking error.

Risk factors associated with Creation of Segregated Portfolio

1. Investor holding units of Segregated Portfolio may not be able to liquidate their holding till recovery of money from the issuer.
2. Security comprising Segregated Portfolio may not realise any value.
3. Listing of units of Segregated Portfolio on recognised stock exchange does not necessarily guarantee their liquidity. There may not be active trading of units in the stock market. Further trading price of units on the stock market may be significantly lower than the prevailing NAV

C. RISK MITIGATION STRATEGIES

Risk Control/ Mitigation measures:

Risk mitigation measures for portfolio volatility and portfolio concentration: Index Fund being a passive investment carries lesser risk as compared to active fund management. The portfolio follows the index and therefore the level of stock concentration in the portfolio and its volatility would be the same as that of the index, subject to tracking error. Thus there is no additional element of volatility or stock concentration on account of fund manager decisions. The Risk Mitigation strategy revolves around minimizing the Tracking error to the least possible through regular rebalancing of the portfolio, taking into account the change in weights of stocks in the Underlying Index as well as the incremental collections into / redemptions from the Scheme.

Trading through mutual fund trading platforms of NSE

In respect of transaction in Units of the Scheme through NSE, allotment and redemption of Units on any Business Day will depend upon the order processing/settlement by NSE and their respective clearing corporations on which the Mutual Fund has no control.

Tracking Error and Tracking Difference Risk:

The Fund Manager would not be able to invest the entire corpus exactly in the same proportion as in the underlying index due to certain factors such as the fees and expenses of the scheme, corporate actions, cash balance, changes to the underlying index, non-availability of issuances, regulatory policies and any such reasons that may affect AMC's ability to achieve close correlation with the underlying index of the scheme. The scheme's returns may therefore deviate from those of its underlying index. "Tracking Difference" is the difference of return between the fund and its respective benchmark. "Tracking Error" is defined as the standard deviation of the difference between daily returns of the underlying index and the NAV of the respective scheme. Tracking difference /Tracking Error may arise including but not limited to the following reasons:

- i) Expenditure incurred by the fund.
- ii) The holding of a cash position and accrued income prior to distribution of income and payment of accrued expenses. The fund may not be invested at all time as it may keep a portion of the funds in cash to meet redemptions or for corporate actions.
- iii) Securities trading may halt temporarily due to circuit filters.
- iv) Corporate actions such as debenture or warrant conversion, merger, change in constituents etc.

- v) Disinvestments to meet redemptions, recurring expenses, etc.
- vi) Execution of large buy / sell orders
- vii) Transaction cost (including taxes and insurance premium) and recurring expenses
- viii) Realisation of Unit holders' funds.

It will be the endeavour of the fund manager to keep the tracking error as low as possible. Under normal circumstances, such tracking error is not expected to exceed 2% per annum. However, in certain events like market volatility during rebalancing of the portfolio following the rebalancing of the underlying index, etc. or in abnormal market circumstances, the tracking error may exceed the above limits. In case of unavoidable circumstances in the nature of force majeure, which are beyond the control of the AMCs, the tracking error may exceed 2% and the same shall be brought to the notice of Trustees with corrective actions taken by the AMC, if any. The Fund existence for a period of less than one year, the annualized standard deviation shall be calculated based on available data.

Risk factor associated with investment in Units of Mutual Funds:

Mutual funds being vehicles of securities investments are subject to market and other risks and there can be no guarantee against loss resulting from investing in the Scheme. The various factors which impact the value of the Schemes' investments include, but are not limited to, fluctuations in the bond markets, fluctuations in interest rates, prevailing political and economic environment, changes in government policy, factors specific to the issuer of the securities, tax laws, liquidity of the underlying instruments, settlement periods, trading volumes, suspension of 12 subscription/redemptions of the scheme, change in fundamental attribute etc. The Scheme may invest in schemes of Mutual Funds. Hence, scheme specific risk factors of each such mutual fund schemes will be applicable to the Scheme portfolio.

Type of Risks	Measures/ Strategies to control risks
<p>Equity Markets/ Equity Oriented Instruments</p>	<ul style="list-style-type: none"> • Market Risk and Volatility: Market risk is a risk is inherent to an equity scheme. Being a passively managed scheme, it will invest in the securities included in its Underlying Index. • Concentration / Sector Risk: Index Fund being a passive investment carries lesser risk as compared to active fund management. The portfolio follows the index and therefore the level of stock concentration in the portfolio and its volatility would be the same as that of the index, subject to tracking error. Thus there is no additional element of volatility or stock concentration on account of fund manager decisions. The Risk Mitigation strategy revolves around minimizing the Tracking error to the least possible through regular rebalancing of the portfolio, taking into account the change in weights of stocks in the Underlying Index as well as the incremental collections into / redemptions from the Scheme. • Liquidity Risks: As such the liquidity of stocks that the scheme invests into could be relatively low. The scheme will endeavor to maintain a proper asset-liability match to ensure redemption payments are made on time and not affected by illiquidity of the underlying stocks.
<p>Debt and Money Market instruments</p>	<p>Credit Risk: Management analysis will be used for identifying company specific risks. Management's past track record will also be studied. In order to assess financial risk a detailed assessment of the issuer's financial statements will be undertaken.</p>

	<ul style="list-style-type: none"> • Price-Risk or Interest-Rate Risk: The Scheme may primarily invest the debt portion of the portfolio in money market instruments, units of Liquid and Overnight schemes thereby mitigating the price volatility due to interest rate changes generally associated with long-term securities. • Risk of Rating Migration: The Scheme may primarily invest the debt portion of the portfolio in short-term money market instruments, units of Liquid and Overnight schemes thereby mitigating the risk of rating migration generally associated with long-term securities • Basis Risk: The debt allocation of scheme is primarily cash management strategy and such strategy returns are expected to reflect the very short term interest rate hence investment is done in short term debt and money market instruments. • Spread Risk: The Scheme may primarily invest the debt portion of the portfolio in short-term money market instruments, units of Liquid and Overnight schemes thereby mitigating the risk of spread expansion which is generally associated with long-term securities • Reinvestment Risk: The debt allocation of scheme is primarily cash management strategy and such strategy returns are expected to reflect the very short term interest rate hence investment is done in short term debt and money market instruments. Reinvestment risks will be limited to the extent of debt instruments, which will be a very small portion of the overall portfolio value. • Liquidity Risk: The Scheme may invest in government securities, corporate debt securities and money market instruments. While the liquidity risk for government securities, money market instruments and short maturity corporate debt securities may be low, it may be high in case of medium to long maturity corporate debt securities. The Scheme may, however, endeavor to minimize liquidity risk by primarily investing the debt portion of the portfolio in relatively liquid short-term money market instruments, units of Liquid and Overnight schemes.
Derivatives	The Scheme may take an exposure to equity derivatives of constituents or index derivatives of the underlying index for short duration when securities of the index are unavailable, insufficient or for rebalancing at the time of change in index or in case of corporate actions, as permitted. All derivatives trade will be done only on the exchange with guaranteed settlement. Exposure with respect to derivatives shall be in line with regulatory limits and the limits specified in the SID.
Securities Lending	The SLB shall be operated through Clearing Corporation/Clearing House of stock exchanges having nation-wide terminals who are registered as Approved Intermediaries (AIs).” The risk is adequately covered as Securities Lending & Borrowing (SLB) is an Exchange traded product. Exchange offers an anonymous trading platform and gives the players the advantage of settlement guarantee without the worries of counter party default. However, the scheme may not be able to sell such lent securities during contract period or have to recall the securities which may be at higher than the premium at which the security is lent.
Segregated Portfolio	In such an eventuality it will be AMC’s endeavour to realise the segregated holding in

	the best interest of the investor at the earliest.
Tracking errors	Over a short period, the Scheme may carry the risk of variance between portfolio composition and Benchmark. The objective of the Scheme is to closely track the performance of the Underlying Index over the same period, subject to tracking error. The Scheme would endeavour to maintain a low tracking error by actively aligning the portfolio in line with the Index.
Government securities and Triparty repo on Government securities or treasury bills:	As a member of securities segment and Triparty repo segment, maintenance of sufficient margin is a mandatory requirement. CCIL monitors these on a real time basis and requests the participants to provide sufficient margin to enable the trades etc. Also there are stringent conditions / requirements before registering any participants by CCIL in these segments. Since settlement is guaranteed the loss on this account could be minimal though there could be an opportunity loss.
Units of overnight & liquid mutual fund schemes	Liquidity is generally high in both overnight as well as liquid schemes.

While these measures are expected to mitigate the above risks to a large extent, there can be no assurance that these risks would be completely eliminated. The measures mentioned above is based on current market conditions and may change from time to time based on changes in such conditions, regulatory changes and other relevant factors. Accordingly, our investment strategy, risk mitigation measures and other information contained herein may change.in response to the same.

II. INFORMATION ABOUT THE SCHEME:

A. Where will the scheme invest

1. Equity and Equity related instruments constituting the Nifty Private Bank Index - TRI in the similar proportion (weightage) as in the Index and endeavour to track the benchmark index including equity derivatives for non-hedging purpose upto 20%.
 2. Debt securities and Money Market Instruments (including reverse repos, Commercial Deposit, Commercial Paper, Treasury Bills and Tri-Party Repos) permitted by SEBI/RBI or in alternative investment for the call money market as may be provided by RBI to meet the liquidity requirements
 - **Certificate of Deposits (CD)** - CD is a negotiable money market instrument issued by scheduled commercial banks and select all-India Financial Institutions that have been permitted by the RBI to raise short term resources. The maturity period of CDs issued by the Banks is between 7 days to one year, whereas, in case of FIs, maturity is between one year to 3 years from the date of issue. CDs may be issued at a discount to face value.
 - **Commercial Papers (CP)** - CP is an unsecured negotiable money market instrument issued in the form of a promissory note, generally issued by the corporates, primary dealers and all India Financial Institutions as an alternative source of short term borrowings. They are issued at a discount to the face value as may be determined by the issuer. CP is traded in secondary market and can be freely bought and sold before maturity.

5. Any other instruments as may be permitted by RBI/SEBI under prevailing laws from time to time.

For applicable regulatory investment limits please refer paragraph "Investment Restrictions". The Fund Manager reserves the right to invest in such securities as maybe permitted from time to time and which are in line with the investment objectives of the Scheme.

B. What are the investment restrictions?

The following investment limitations and other restrictions, inter alia, specified in the Regulations and Master circular shall apply to the Scheme:

- 1) The Mutual Fund under all its Scheme(s) shall not own more than 10% of any company's paid up capital carrying voting rights or 10% of units of REITs issued by a single issuer, as the case may be. Provided, investment in the asset management company or the trustee company of a mutual fund shall be governed by clause (a), of sub- regulation (1), of regulation 7B of the SEBI (MF) Regulations..
- 2) The Scheme shall buy and sell securities on the basis of deliveries and shall in all cases of purchases, take delivery of relevant securities and in all cases of sale, deliver the securities;
Provided further that the Scheme may enter into derivatives transactions in a recognised stock exchange, subject to the framework specified by SEBI;
Provided further that sale of government security already contracted for purchase shall be permitted in accordance with the guidelines issued by the Reserve Bank of India in this regard.
- 3) All investments by the Scheme in equity shares and equity related instruments shall only be made provided such securities are listed or to be listed.
- 4) The Scheme shall not invest more than 10% of its NAV in equity shares/equity related instruments of any entity. Provided that, the limit of 10% shall not be applicable for investments in index fund or sector/industry specific scheme. As per Clause 13.4 of SEBI Master Circular "the investments by index funds shall be in accordance with the weightage of the scrips in the specific index as disclosed in the Scheme Information Document. In case of sector/industry specific scheme, the upper ceiling on investments may be in accordance with the weightage of the scrips in the respective sectoral index/sub index or 10% of the NAV of the scheme whichever is higher.
- 5) The Scheme shall not invest more than 10% of its NAV in debt instruments comprising money market instruments and non-money market instruments issued by a single issuer which are rated not below investment grade by a credit rating agency authorised to carry out such activity under the SEBI Act. Such investment limit may be extended to 12% of the NAV of the Scheme with the prior approval of the Boards of the Trustee Company and the AMC;
Provided that such limit shall not be applicable for investments in Government Securities, treasury bills and tri-party repos on government securities or treasury bills;
- 6) Further, in accordance with paragraph 13.1 of SEBI Master circular, within the limits specified above, following prudential limits shall be followed for the scheme:
The scheme shall not invest more than:
 - 10% of its NAV in debt and money market securities rated AAA; or
 - 8% of its NAV in debt and money market securities rated AA; or
 - 6% of its NAV in debt and money market securities rated A and below issued by a single issuer. The above investment limits may be extended by up to 2% of the NAV of the scheme with prior approval of the Board of Trustees and Board of Directors of the AMC, subject to compliance with the overall 12% limit specified in clause 1 of Seventh Schedule of MF Regulation.

The long term rating of issuers shall be considered for the money market instruments.

However, if there is no long term rating available for the same issuer, then based on credit rating mapping of Credit Rating Agency (CRAs) between short term and long term ratings, the most conservative long term rating shall be taken for a given short term rating

Provided further that investment within such limit can be made in mortgaged backed securitised debt which are rated not below investment grade by a credit rating agency registered with SEBI.

Provided that such limit shall not be applicable for investments in Government Securities, treasury bills and triparty repo on Government securities or treasury bills.

Provided further that such limit shall not be applicable for investments in case of debt exchange traded funds or such other funds as may be specified by the Board from time to time. Considering the nature of the Scheme, investments in such instruments will be permitted up to 5% of its Net Assets.

7) The Scheme shall not make any investment in:

- i. any unlisted security of an associate or group company of the sponsor;
- ii. any security issued by way of private placement by an associate or group company of the sponsor or

- i. such transfers are done at the prevailing market price for quoted instruments on spot basis
- ii. the securities so transferred shall be in conformity with the investment objectives & policies of the Scheme to which such transfer has been made; and
- iii. the securities so transferred shall be in conformity with the investment objective of the Scheme to which such transfer has been made.

9) The Scheme may invest in other Schemes under the same AMC or any other Mutual Fund without charging any fees, provided the aggregate inter-Scheme investment made by all the Schemes under the same management or in Schemes under management of any other asset management company shall not exceed 5% of the Net Asset Value of the Fund. Provided that this clause shall not apply to any Fund of Funds scheme.

10) The Fund shall get the securities purchased transferred in the name of the Fund on account of the concerned Scheme, wherever investments are intended to be of a long-term nature.

11) All the Scheme's investments will be in transferable securities.

12) No loans for any purpose can be advanced by the Scheme.

13) The Fund shall not borrow except to meet temporary liquidity needs of the Fund for the purpose of repurchase/redemption of units or payment of interest and/or Income Distribution cum Capital Withdrawal to the Unitholder's, provided that the Fund shall not borrow more than 20% of the net assets of the individual Scheme and the duration of the borrowing shall not exceed a period of 6 months.

14) Pending deployment of the funds of the Scheme in securities in terms of the investment objective of the Scheme, the AMC may park the funds of the Scheme in short term deposits of scheduled commercial banks, subject to the guidelines issued by SEBI from time to time. currently, the following guidelines/restrictions are applicable for parking of funds in short term deposits:

- "Short Term" for such parking of funds by the Scheme shall be treated as a period not exceeding 91 days.
- Such short-term deposits shall be held in the name of the Scheme.
- The Scheme shall not park more than 15% of the net assets in short term deposit(s) of all the scheduled commercial banks put together. However, such limit may be raised to 20% with prior approval of the Trustee.

- Parking of funds in short term deposits of associate and sponsor scheduled commercial banks together shall not exceed 20% of total deployment by the Mutual Fund in short term deposits.
- The Scheme shall not park more than 10% of the net assets in short term deposit(s), with any one scheduled commercial bank including its subsidiaries.
- The Scheme shall not park funds in short term deposit of a bank which has invested in that Scheme. The Trustees / AMC's shall ensure that the bank in which the Scheme has short term deposit do not invest in the Scheme until the Scheme has STD with such bank.
- The AMC shall not charge any investment management and advisory fees for parking of funds in short term deposits of scheduled commercial banks.

However, the above provisions will not apply to term deposits placed as margins for trading in cash and Derivatives market.

- 15) The Scheme will comply with provisions specified in Circular dated August 18, 2010 related to overall exposure limits applicable for derivative transactions as stated below:
- (a) The cumulative gross exposure through equity, debt, derivative positions and across various other asset classes in which the Scheme is permitted to invest should not exceed 100% of net assets of the Scheme.
 - (b) Mutual Funds shall not write options or purchase instruments with embedded written options.
 - (c) The total exposure related to option premium paid must not exceed 20% of the net assets of the Scheme.
 - (d) Cash or cash equivalents with residual maturity of less than 91 days may be treated as not creating any exposure.
 - (e) Definition of Exposure in case of Derivatives Positions – Each position taken in derivatives shall have an associated exposure as defined under. Exposure is the maximum possible loss that may occur on a position. However, certain derivative positions may theoretically have unlimited possible loss.

Exposure in derivative positions shall be computed as follows:

Position	Exposure
Long Future	Futures Price * Lot Size * Number of Contracts
Short Future	Futures Price * Lot Size * Number of Contracts
Option Bought	Option Premium Paid * Lot Size * Number of Contracts

- 16) The scheme shall not make any investment in a Fund of Funds scheme.
- 17) All investments by the Scheme in Commercial Papers (CPs) would be made only in CPs which are listed or to be listed.
- 18) The Scheme shall not invest in unlisted debt instruments including commercial papers (CPs), other than (a) government securities, (b) other money market instruments.
However, Scheme may invest in unlisted Non-Convertible Debentures (NCDs) not exceeding 10% of the debt portfolio of the Scheme subject to the condition that such unlisted NCDs have a simple structure (i.e. with fixed and uniform coupon, fixed maturity period, without any options, fully paid up upfront, without any credit enhancements or structured obligations) and are rated and secured with coupon payment frequency on monthly basis.

For the purpose of investment in debt instruments, listed debt instruments shall include listed and to be listed debt instruments.

- 19) Investment in unrated debt and money market instruments, other than government securities, treasury bills etc by the Scheme shall be subject to the following:

- i. Investments shall only be made in such instruments, including bills re-discounting, usance bills, etc., that are generally not rated and for which separate investment norms or limits are not provided in SEBI (MF) Regulations and various circulars issued thereunder.
 - ii. Exposure of the Scheme in such instruments, shall not exceed 5% of the net assets of the Scheme. All such investments shall be made with the prior approval of the Board of AMC and the Board of Trustees.
- 20) The Scheme being an index fund, the investment by the Scheme in the equity shares or equity related instruments of any company shall be in accordance with the weightage of the scrips in Groww Nifty Private Bank Index Fund
- 21) As per paragraph 4.3 of SEBI Master circular for Mutual Fund, in order to address the risk related to portfolio concentration in the Scheme, the underlying index for this scheme shall comply with the following:

 - b. For a sectoral/ thematic Index, no single stock shall have more than 35% weight in the index. For other than sectoral/ thematic indices, no single stock shall have more than 25% weight in the index. The weightage of the top three constituents of the index, cumulatively shall not be more than 65% of the Index.
 - c. The individual constituent of the index shall have a trading frequency greater than or equal to 80% and an average impact cost of 1% or less over previous six months.Accordingly, the underlying Index shall ensure that such index complies with the aforesaid norms.

Further, on a half yearly basis index will be screened by NSE, for compliance with the portfolio concentration norms for ETFs/ Index Funds announced by paragraph 4.3 of SEBI Master circular. In case of non-compliance, suitable corrective measures will be taken to ensure compliance with the norms.

The Scheme shall endeavor to follow the guidelines prescribed under paragraph 3.4 of SEBI Master circular, and circular issued thereunder from time to time.

The inter Scheme transfer of investments shall be in accordance with the provisions contained in paragraph Inter-Scheme transfer of investments stated in paragraph 10.13 of the Master Circular.

These investment restrictions shall be applicable at the time of investment. Changes, if any, do not have to be effected merely because, owing to appreciations or depreciations in value, or by reason of the receipt of any rights, bonuses or benefits in the nature of capital or of any Schemes of arrangement or for amalgamation, reconstruction or exchange, or at any repayment or redemption or other reason outside the control of the mutual Fund, any such limits would thereby be breached. If these limits are exceeded for reasons beyond its control, AMC shall as soon as possible take appropriate corrective action, taking into account the interests of the Unit holders.

In addition, certain investment parameters may be adopted internally by AMC, and amended from time to time, to ensure appropriate diversification / security for the Scheme subject to SEBI (MF) regulations and circular issued thereunder from time to time.

The Scheme will comply with SEBI regulations and any other Regulations applicable to the investments of Mutual Funds from time to time. The Trustees may alter the above restrictions from time to time to the extent that changes in the Regulations may allow and/or as deemed fit in the general interest of the Unitholders.

All investment restrictions shall be applicable at the time of making the investment. Modifications, if any, in the Investment Restrictions on account of amendments to the Regulations shall supersede/override the provisions of the Trust Deed.

The name, address and contact no. of Registrar and Transfer Agent (R&T), email id of R&T, website address of R&T, official points of acceptance, etc. are mentioned at the end of the document.</p> <p>Please note that it is mandatory for the unitholders to provide the bank account details in their application/redemption requests as per SEBI guidelines.</p>
<p>The policy regarding reissue of repurchased units, including the maximum extent, the manner of reissue, the entity (the scheme or the AMC) involved in the same.</p>	<p>Not Applicable</p> <p>Units once redeemed will not be reissued.</p>
<p>Restrictions, if any, on the right to freely retain or dispose of units being offered.</p>	<p>The Mutual Fund will be repurchasing (subject to completion of lock-in period, if any) and issuing units of the Scheme on an ongoing basis and hence the transfer facility is found redundant. Any addition / deletion of name from the folio of the Unit holder is deemed as transfer of Units. In view of the same, additions / deletions of names will not be allowed under any folio of the Scheme. The said provisions in respect of deletion of names will not be applicable in case of death of a Unit holder (in respect of joint holdings) as this is treated as transmission (transfer of units by operation of law) of Units and not transfer. Units of the Scheme held in demat form shall be freely transferable (subject to lock-in period, if any) and will be subject to transmission facility in accordance with the provisions of the SEBI (Depositories and Participants) Regulations, 1996 as amended from time to time. Also, when a person becomes a holder of the units by operation of law or upon enforcement of pledge, then the AMC shall, subject to production/submission of such satisfactory evidence, which in its opinion is sufficient, effect the transfer, if the intended transferee is otherwise eligible to hold the units.</p> <p>RIGHT TO RESTRICT REDEMPTION AND / OR SUSPEND REDEMPTION OF THE UNITS:</p>

	<p>The Fund at its sole discretion reserves the right to restrict Redemption (including switchout) of the Units (including Plan /Option) of the Scheme of the Fund upon occurrence of the below mentioned events for a period not exceeding ten (10) working days in any ninety (90) days period subject to approval of the Board of Directors of the AMC and the Trustee. The restriction on Redemption (including switch-out) shall be applicable where the Redemption (including switch-out) request is for a value above Rs. 2,00,000/- (Rupees Two Lakhs). Further, no restriction shall be applicable to the Redemption / switch-out request upto Rs. 2,00,000/- (Rupees Two Lakhs). It is further clarified that, in case of redemption request beyond Rs. 2,00,000/- (Rupees Two Lakhs), no restriction shall be applicable on first Rs. 2,00,000/- (Rupees Two Lakhs). The Trustee / AMC reserves the right to restrict Redemption or suspend Redemption of the Units in the Scheme of the Fund on account of circumstances leading to a systemic crisis or event(s) that severely constrict market liquidity or the efficient functioning of the markets. A list of such circumstances under which the restriction on Redemption or suspension of Redemption of the Units in the Scheme of the Fund may be imposed are as follows:</p> <ol style="list-style-type: none"> 1. Liquidity issues- when market at large becomes illiquid affecting almost all securities rather than any issuer specific security; or 2. Market failures / Exchange closures; or 3. Operational issues; or 4. If so directed by SEBI. <p>It is clarified that since the occurrence of the abovementioned eventualities have the ability to impact the overall market and liquidity situation, the same may result in exceptionally large number of Redemption requests being made and in such a situation the indicative timelines (i.e. within 3-4 Business Days) mentioned by the Fund in the scheme offering documents, for processing of requests for Redemption may not be applicable. Please refer to paragraphs on ‘Transfer and Transmission of units, Right to limit Redemption, Suspension of Purchase and/ or Redemption of Units and Pledge of Units’ in the SAI for further details.</p>
<p>Cut off timing for subscriptions/ redemptions/ switches</p> <p>This is the time before which your application (complete in all respects) should reach the official points of acceptance.</p>	<p>Subscriptions / Purchases including Switch - ins:</p> <p>In respect of valid applications received up to 3:00 p.m. on a day and funds are available for utilization before the cut-off time without availing any credit facility, whether, intra-day or otherwise – the closing NAV of the same Business day of receipt of application;</p> <p>In respect of valid applications received after 3:00 p.m. on a day and funds are available for utilization on the same day without availing any credit facility, whether, intra-day or otherwise – the closing NAV of the next Business Day; and</p> <p>Irrespective of the time of receipt of application, where the funds are not available for utilization before the cut-off time without</p>

	<p>availing any credit facility, whether, intra-day or otherwise – the closing NAV of the day on which the funds are available for utilization.</p> <p>For allotment of units in respect of purchase in the Scheme/switch-in to the Scheme, it shall be necessary that:</p> <p>Application for purchase/switch-in is received before the applicable cut-off time.</p> <p>Funds for the entire amount of subscription / purchase as per the application for purchase/switch-in are credited to the bank account of the Scheme before the cut-off time.</p> <p>The funds are available for utilization before the cut-off time without availing any credit facility whether intra-day or otherwise, by the Scheme.</p> <p>ii) Redemptions including Switch - outs: In respect of valid applications received up to 3:00 p.m. – the closing NAV of same Business Day; and In respect of valid applications received after 3:00 p.m., the closing NAV of the next Business Day shall be applicable.</p>
<p>Minimum amount for purchase/redemption/swiches</p>	<p>Minimum amount for new purchase / switch in Rs. 500 and in multiples of Re. 1/- thereafter.</p> <p>Minimum additional amount for purchase / switch in Rs. 500 and in multiples of Re. 1/- thereafter.</p> <p>The minimum subscription limits for new purchases/additional purchases will apply to each Option separately.</p> <p>Minimum Redemption Amount: Minimum amount for redemption/ switch out Minimum of 1 unit or Rs. 100 and in multiples of Re. 1 thereafter.</p> <p>In case of investors / unitholders having available balance less than Rs. 100 in their respective folio on the day of submission of valid redemption request, the minimum redemption limit would be the available balance.</p> <p>The minimum redemption amount for all plans will be Rs.100/- and in multiples of Re.1/- and minimum units for redemption will be 1 unit and multiples of 0.001 units. Incase the available balance in folio is less than the minimum redemption amount/units, then the investor can submit a request for "Full redemption" of the amount / units available in folio.</p> <p>2) If the redemption is received in "Units" or "Amount" and reported Units/Amount are more than available units/amount in the folio then it will be considered as full unit/amount redemption.</p> <p>Please note this will not be applicable for units under pledge and demat folios.</p>

	<p>The AMC reserves the right to change the minimum amounts for various purchase/ redemption/ switch. Such changes shall only be applicable to transactions on a prospective basis</p>
Accounts Statements	<p>The AMC shall send an allotment confirmation specifying the units allotted by way of email and/or SMS within 5 working days of receipt of valid application/transaction to the Unit holders registered e-mail address and/ or mobile number (whether units are held in demat mode or in account statement form).</p> <p>A Consolidated Account Statement (CAS) detailing all the transactions across all mutual funds (including transaction charges paid to the distributor) and holding at the end of the month shall be sent to the Unit holders in whose folio(s) transaction(s) have taken place during the month. The monthly CAS will be dispatched to investors that have opted for delivery via electronic mode (e-CAS) within twelve (12) days from the month end and to investors that have opted for delivery via physical mode within fifteen (15) days from the month end.</p> <p>Half-yearly CAS shall be issued at the end of every six months (i.e. September/ March) to all investors providing the prescribed details across all schemes of mutual funds and securities held in dematerialized form across demat accounts, if applicable. The CAS will be dispatched to investors that have opted for e-CAS on or before the eighteenth (18th) day of April and October and to investors that have opted for delivery via physical mode by the twenty first (21st) day of April and October.</p> <p>For further details, refer SAI.</p>
Dividend/ IDCW	<p>The IDCW warrants shall be dispatched to the unit holders within 7 working days of the date of declaration of IDCW.</p> <p>In case of Unit Holder having a bank account with certain banks with which the Mutual Fund would have made arrangements from time to time, the IDCW proceeds shall be directly credited to their account.</p> <p>The IDCW will be paid by warrant and payments will be made in favor of the Unit holder (registered holder of the Units or, if there is more than one registered holder, only to the first registered holder) with bank account number furnished to the Mutual Fund (please note that it is mandatory for the Unit holders to provide the Bank account details as per the directives of SEBI).</p> <p>Further, the IDCW proceeds may be paid by way of ECS/EFT/NEFT/RTGS/any other manner through which the investor's bank account specified in the Registrar & Transfer Agent's records is credited with the IDCW proceeds as per the instructions of the Unit holders.</p>

	In case the delay is beyond 7 working days, then the AMC shall pay interest @ 15% p.a. from the expiry of 7 working days till the date of dispatch of the warrant.
Redemption	<p>The redemption or repurchase proceeds shall be dispatched to the unitholders within three working days from the date of redemption or repurchase.</p> <p>For list of exceptional circumstances refer para 15.3.3 of SEBI Master Circular</p>
Bank Mandate	It is mandatory for every applicant to provide the name of the bank, branch, address, account type and number as per SEBI requirements and any Application Form without these details will be treated as incomplete. Such incomplete applications will be rejected. The Registrar / AMC may ask the investor to provide a blank cancelled cheque or its photocopy for the purpose of verifying the bank account number.
Delay in payment of redemption / repurchase proceeds/dividend	<p>The redemption or repurchase proceeds shall be dispatched to the unitholders within 3 working days from the date of redemption or repurchase. However, pursuant to Clause 15.1.3 of SEBI Master Circular, AMFI vide its communication no. AMFI/35P/MEM-COR/74/2022-23 dated January 16,2023 has provided certain exceptional circumstances wherein the additional timelines shall be applicable (please refer Statement of Additional Information “SAI” for further details.)</p> <p>The AMC shall be liable to pay interest to the Unit holders @ 15% p.a. or such other rate as may be prescribed by SEBI from time to time, in case the redemption / repurchase proceeds are not dispatched within 3 working days from the date of receipt of the valid redemption/repurchase application, complete in all respects.</p> <p>However, the AMC shall not be liable to pay any interest or compensation in case of any delay in processing the redemption application beyond 3 working days, in case of any deficiency in the redemption application or if the AMC/RTA is required to obtain from the Investor/Unit holders any additional details for verification of identity or bank details or such additional information under applicable regulations or as may be requested by a Regulatory Agency or any government authority, which may result in delay in processing the application</p>
Unclaimed Redemption and Income Distribution cum Capital Withdrawal Amount	As per the Clause 15.5 of SEBI Master Circular, the unclaimed Redemption and dividend amounts shall be deployed by the Fund in call money market or money market instruments and in a separate plan of Liquid scheme / Money Market Mutual Fund scheme floated by Mutual Funds specifically for deployment of the unclaimed amounts. The investment management fee

	<p>charged by the AMC for managing such unclaimed amounts shall not exceed 50 basis points.</p> <p>The AMCs shall not be permitted to charge any exit load in this plan. Provided that such schemes where the unclaimed redemption and IDCW amounts are deployed shall be only those Overnight scheme/ Liquid scheme / Money Market Mutual Fund schemes which are placed in A-1 cell (Relatively Low Interest Rate Risk and Relatively Low Credit Risk) of Potential Risk Class matrix. The investors who claim these amounts during a period of three years from the due date shall be paid at the prevailing NAV. After a period of three years, this amount can be transferred to a pool account and the investors can claim the said amounts at the NAV prevailing at the end of the third year. In terms of the circular, the onus is on the AMC to make a continuous effort to remind investors through letters to take their unclaimed amounts. The website of Groww Mutual Fund also provides information on the process of claiming the unclaimed amount and the necessary forms / documents required for the same. The details of such unclaimed amounts are also disclosed in the annual report sent to the Unit Holders. Important Note: All applicants must provide a bank name, bank account number, branch address, and account type in the Application Form.</p>

*without indexation benefit

Taxability in the hands of Investor

If the units are held as stock-in-trade of a business, the said income will be taxed at the rates at which the normal income of that investor is taxed.

If the units are held as investments, the said income will be taxed as capital gains. In such case, the tax rates applicable will depend on whether the gain on sale of units is classified as a short-term capital gain or a long-term capital gain.

Tax on Income Distributed by a Mutual Fund

Finance Act, 2020 has amended the provision of section 115R of the Act (Dividend Distribution Tax) to provide that the income distributed on or before 31st March 2020 shall only be covered under the provision of this section.

With effect from 1st April, 2020, dividend or income distribution by mutual fund on units is taxable in the hands of unit holders at the applicable rates

* As per provision of section 194K of the Act, where the amount of income credited or paid in a financial year, in aggregate, does not exceed Rs. 10,000, no withholding is required to be carried out. However, the scheme shall be withholding tax when the aggregate amount in financial year at Permanent Account Number (PAN) level exceeds Rs. 9,000.

Tax rates mentioned above are further increased by surcharge and health and education cess as may be applicable for respective investor.

Surcharge and cess shall not be applied on basic tax while deducting TDS, if any, on income of resident investors.

>10 crores	37%	12%	12%	5%

~~Surcharge rate shall not exceed 25% in case of individual and HUF opting for new tax regime under section 115BAC of the Act. In case total income includes income by way of dividend on shares, short-term capital gains on units of equity oriented mutual fund schemes and long-term capital gains on mutual fund schemes, the rate of surcharge on the said type of income not to exceed 15% [refer clause on Taxation in the SAI for further details]

* 10% basic surcharge (irrespective of taxable income) for domestic companies availing benefit under section 115BAA and section 115BAB of the Act.

Tax plus surcharge shall be further increased by a health and education cess of 4 percent.

DTAA Benefits

Taxability in the hands of non-resident investor shall be subject to Double Taxation Avoidance Agreement (“DTAA” or “tax treaty”) benefits which can be claimed in the return of income to be filed by such investors, as applicable. Further, such DTAA benefit may also be claimed at the time of withholding of taxes (subject to requisite documents for claiming DTAA benefit made available by investor to the Mutual Fund). The investors should obtain specific advice from their tax advisors regarding the availability of the tax treaty benefits.

AADHAR Linking

As per section 139AA of the Act read with rule 114AAA of the Income-tax Rules, 1962, in the case of a resident person, whose PAN has become inoperative due to non-linking of PAN with Aadhaar, it shall be deemed that he has not furnished the PAN and tax could be withheld at a higher rate of 20% as per section 206AA of the Act.
